Mental Health Center Opens

A new day hospital, occupying approximately 4,000 square feet in the North County Mental Health Center in Daly City's Westlake Shopping Center, admitted its first North County patients last week.

Opening of the new unit, which gives the North County Center a facility for treating those who might otherwise require full-time hospitalization, was announced by Dr. H. D. Chope, director of the San Mateo County Deparement of Public Health and Welfare.

The North County Center, first regional unit to be created by the Mental Health Services Division of the department, opened last January with a family centered outpatient service and a heavily-emphasized program of mental health consultation and education services.

Designed and staffed to serve approximately 20 patients at a time, the day hospital supplements the program components complete range of modern treatplanned for the regional center.

The day hospital will have a complete range of modern treatment services — individual and group psychotherapy, social and activity therapies, vocational rehabilitation, and medications—for patients who may come for as much as five days per week Monday through Friday) from 9 a.m. to 4 p.m.

Most North County patients requiring hospitalization can be cared for in the new facility, according to Dr. Howard Gurevitz, assistant program chief in charge of the North County Center.

HALE CHAMPION

DEMO WORRIED

Watts, Pickets Are Big Issues

By JOHN HORGAN

Hale Champion, California state director of finance and the highest ranking appointed official in state government, thinks that the Berkeley sit-ins, Viet Nam pickets and the Watts riots will probably be key issues raised by Republicans in the 1966 gubernatorial election.

In an exclusive interview yesterday following his appearance before the Daly City-Colma Chamber of Commerce, the leading Democratic figure said he feared that the so-called backlash issue would come to the surface again in this election.

Remembering only too well what transpired in the election on Proposition 14 (the controversial housing issue of 1964), Champion expressed deep concern that "what happened once could happen again."

"The outcome of Proposition 14 was most disconcerting," said Champion "and, under the euphemism of 'law enforcement' the same backlash could occur in the coming election."

"Certainly, if the Republicans so desire, they can raise such an issue even though many such problems cool off in time."

The director was most explicit about the role of certain members of the opposition party and their possible exploitation of such controversial issues.

"People like Senator George Murphy can work the Far Right into a fury of emotion about such things as Watts just by issuing a call for a special conference."

"We are working and doing quite well in that particular situation now," continued the state official. "We have gotten jobs for over 400 people in Watts already.

"The key is that public officials must do their best to anticipate these outbursts. They must get involved with these people and work with them from the outset to prevent these situations."

Champion, who shunted aside a question on this very issue during his public speech at the luncheon, had more to say about the burgeoning power of the California right wing.

"These people deal in emotion. They generalize. Take the Berkeley situation. Because some of the students over there are protesting Viet Nam, the rightists brand the whole student body as fanatics of the left."

However, despite his concern on the subject, Champion said if the Republicans pursue the issue and push it to the extreme, they will meet the same fate Richard Nixon made in 1962 when he raised the question of free speech on college campuses in California.

"That same fate might occur to Ronald Reagan (whom Champion felt would be the obvious choice to run on the Republican ticket) if he should make an issue out of Watts, Berkeley, and law enforcement."

Tax Bills Are On Target

North Penisnula homeowners who haven't yet received their 1965 property tax bills should not start counting their blessings.

Balance of the bills—most of them reflecting sizeable tax increases up to 25 per cent—are all in the safe and sure hands of the U. S. Post Office.

Mailing the last batch of 166,000 tax bills was completed last Wednesday, according to Russ Conti, San Mateo County tax collector. Taxes become due Monday, November 1, and delinquent December 10 of this year.

Of this total, 38,920 were directed to property owners in Daly City, Pacifica, and South San Francisco.

This year for the first time homeowners who have their taxes paid through a lending agency will receive a duplicate of their tax statement.

These were to have gone out early in 1966 but Conti said the mailing of the duplicate bills will probably be moved up to mid-November because of the tremendous county-wide interest in taxes created by the recent property reassessment.

Doelger Child Rescued by Grandmother

The 2-year-old grandson of a prominent Bay Area building developer was saved from drowning last week by the alert work of his grandmother and an off-duty City policeman.

Henry Doelger, grandson of Henry Doelger of Doelger Building Inc., and the son of Mr. and Mrs. Michael Doelger of 2 Westfield Avenue in Daly City, fell into an indoor swimming pool at his grandfather's home at 112 Northgate Avenue in Daly City.

The child was saved by Thel-

Teachers Ask For Ruling on Representation

Legality of a ruling that would allow the Jefferson Union High School District Board to hear employe presentations other than those made by the district's official "negotiating council" was questioned by a teachers' group spokesman Monday night.

Alvin Wolf, president of the Jefferson Union High School District Teachers' Association, said that board rules on teacher representation adopted last week were in conflict with the recently passed state Winton act. The legislation calls for a teacher "negotiating council" in each district. The council is to be made up of a total of five to nine representatives from all teachers' organizations "entitled to representation." Group representation would be proportionate, depending on membership.

Board rules state that the district will maintain the right to hear presentations made by employe organizations "in addition to the negotiating council."

Wolf's JUHSDTA group, representing majority of the teachers, is thus far the only teacher organization that has made known its intention to have representatives on the council.

Robert Nissem, president of the other Jefferson teachers' organization, Jefferson District Federated Teachers, indicated that his group was in accord with the new board rules covering representation.

The JDFT has not yet committed itself on whether it will seek to have appointees from its group named to the negotiating council.

Superintendent Edward Morgan said Wolf's parent group, California Teachers' Association, had studied copies of the local board rules and had found no legal objections.

D.C. Council Allows Shop Center Permit

The Daly City city council, meeting Monday night in an abbreviated session, approved the rezoning of a portion of the Serramonte development for the use of a shopping center.

Suburban Realty had earlier presented plans to the Planning Commission to construct a neighborhood shopping center which would require the rezoning of the southerly side of Warwick Street from R-2 to C-1.

E. V. Schulhauser of Suburban Realty had pointed out to the council that the nearest single-unit dwellings to the center would be 130 feet away.

There will be entrances to the center from all four streets and there will be 32 parking spaces more than the minimum requirement of the zoning ordinance.

In other action taken last night, the council voted to:

Send a letter to the residents at 65 Eastlake Avenue in order to inform them that the council was aware that a "noise problem" exists on those premises. The council had received a letter bearing 15 signatures from neighbors of the above parties. The letter was in the form of a petition asking the council to take some kind of action to halt the loud noises coming from that address due to auto repairs late at night.

Approve the business licenses of nine small businesses.

Parched Pumpkin

Halloween Heat Wave

A COMBINATION of the hottest weather of the year and the coming of Hallowe'en Sunday pose twin problems for the overworked pumpkin (above). The traditional Hallowe'en symbol must keep a happy face while withstanding 90-degree heat without withering away under the strain.

North County children (above, left to right: Barbara Hildreth, Judy Hildreth and Barbara Landers) braved the unusual October heat-wave in a variety of ways. Most headed for the local beaches while others stayed at home to find relief in tall refreshment or just lolling about under the sprinkler system. And some even put ice packs on overheated pumpkins.

Thornton Beach in Daly City was clogged to capacity Monday as high schools were let out early in order to allow teachers to attend a well-timed conference. Surfers swamped the North County area in search of decent swells, but they were few and far between. Even the southern coast was lacking in anything resembling good surf.

SATURDAY IN Daly City the city's recreation department will present a city-wide Hallowe'en dance at the War Memorial Community Center from 7 to 11 p.m.

The dance is for high school students of Daly City only—no others will be permitted to attend. In accordance with the times, the "big beat" will be featured, say recreation officials, by "The Village of Blues" band.

Tickets for the dance are 75 cents per person. Costumes or school clothes may be worn. Chaperones at the dance will include members of the administrative staff of the department, several of the teen club advisors and members of the Daly City police department.

POLICE OFFICIALS say that no extra precautions have been planned for the typical Hallowe'en tomfoolery, but that the usual care will be taken on Saturday night to minimize vandalism.

Reset Your Clocks

SUSANN BERNARD, Miss Daly City, reminds all North County residents that Saturday night is the night to set clocks back one hour. Official time change is set for midnight Saturday, but Susann, here pictured surrounded by clocks at Kay Jewelers in the Westlake Shopping Center, gets a head start on the end of Daylight Savings Time. Newsboys Save 6 in S.S.F. Fire

Two Westlake Post delivery-boys last week saved a family of six from possible injury or death by fire in South San Francisco.

The young heroes were Eric McCartney, 17, 276 Gardenside Drive, and Brian Vawter, 14, 272 Gardenside, said Fire Chief John A. Marchi.

McCartney is a part-time sports writer for The Post and is a student at El Camino High School.

The near-victims of the rekindled mattress blaze were Mr. and Mrs. C. Hankins, and their four children, at their home at 1218 Old Mission Road. All the children are under 10 years old.

Eric and Brian were finishing up their deliveries at 6:15 a.m., said the fire chief, when they saw flames shooting from the windows and roof of the home.

One ran for a corner fire alarm box, while the other stayed and attempted to waken the family. They then attempted to put the fire out with water from a garden hose.

Because of the prompt alarm, Chief Marchi said, damage to the house was limited to about $2,000.

The blaze started in a rear bedroom, he said, where a mattress had caught on fire some hours earlier.

Bud Lycett Is Home and Well

Daly City Councilman Bernard "Bud" Lycett, who suffered a heart attack in September, is home from the hospital to rest.

Bud, contacted last week, said that his doctor had ordered him to "just relax around the house."

He plans to walk a little, stay close to home, and not "get excited," according to the councilman.

Bud attended the Daly City-Colma Chamber of Commerce meeting last week.

D.C. Veteran Got 14 of 15

The San Francisco 49ers last-half collapse against Minnesota Sunday cost a Navy combat veteran the $100 prize money in last week's Post-Times Football Contest.

Richard Streeter, 22, a Navy radioman petty officer third class, stationed aboard the destroyer U.S.S. Buck at Treasure Island, picked 14 out of 15 games correctly, erring only on the 49er-Viking contest. At the close of the first half Streeter looked like a sure cash winner, with the S. F. club holding a 35-14 lead.

An avid football fan, Streeter had entered the local grid selection contest for the first time. He had been visiting locally with friends, Mr. and Mrs. James Lyons and family, 743 Maddux Drive, Daly City. Streeter just returned to this country in July after six months combat in the Viet Nam area.

For his 14 correct selections, Streeter will receive a pair of

CSM Leaders Attend State J.C. Meeting

College of San Mateo representatives and other junior college leaders from throughout the state are meeting at Fresno today to chart the roles their institutions must play to meet the far-ranging responsibilities assigned them under California's master plan for higher education.

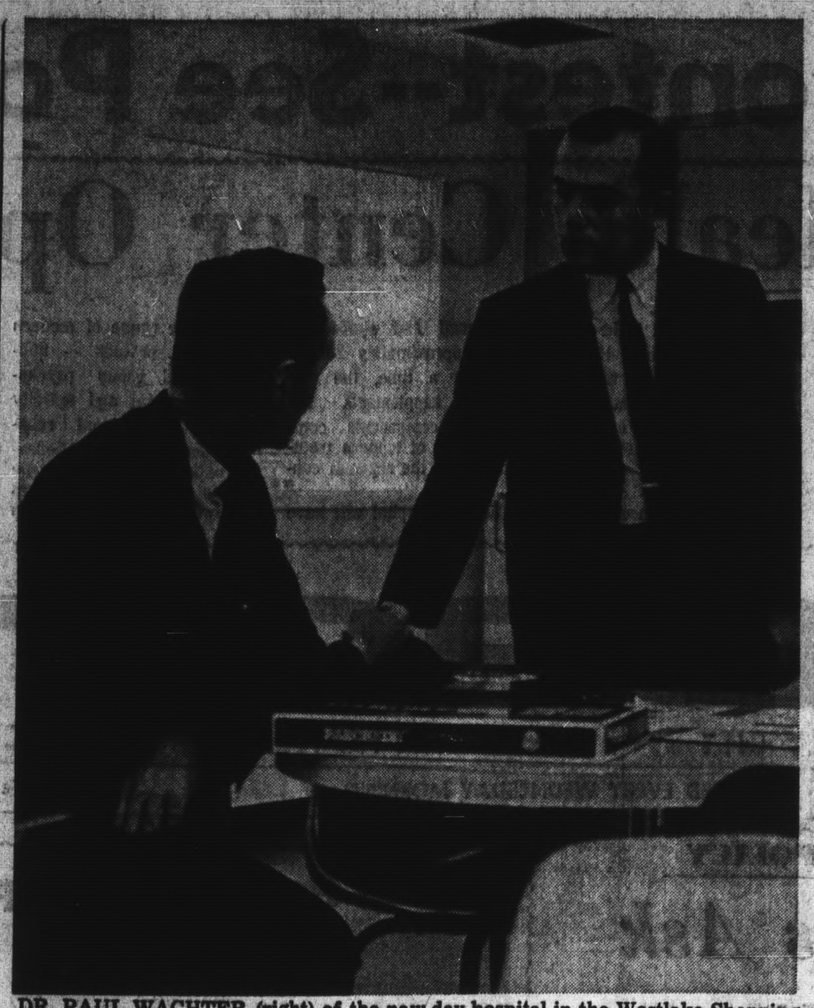
The three-day conference, one of the most significant in the 36-year history of the California Junior College Association, is expected to attract a record attendance of approximately 500 educators.

Program chairman for the event is Dr. Julio L. Bortolazzo, CSM's president and vice president of CJCA.

Two faculty members on his staff will participate in featured sessions.

Fred J. Clark of Belmont, physics instructor and president of the statewide California Teachers' Association, will moderate one of the discussions, and George E. Wallace of San Carlos, mathematics instructor and president of the CSM Faculty Association, will be a panelist at another.

Dr. Thomas P. Lantos of Millbrae, director of international programs for the California state colleges and professor of economics at San Francisco State college, spoke at the conference banquet yesterday. His subject, "The California Junior College: Unlimited Horizons."



DR. PAUL WACHTER (right) of the new day hospital in the Westlake Shopping Center speaks with a patient in the county's mental health facilities at 45 Southgate Avenue in Daly City. The day hospital, an innovation in psychiatric care, can accommodate 20 people at a time. The facility will hold an open house next week on Tuesday, Wednesday and Thursday.

Dr. Chope Will Be in Top Bracket

Dr. Harold D. Chope, county health and welfare director, will join County Manager E. R. Stallings January 1 in the $30,000 salary class.

Recommendations for salary boosts for Dr. Chope and nine other appointive county department heads have been approved by the County Civil Commission and are to be considered Tuesday by the County Board of Supervisors.

The recommended increases range from 2.87 to 8.61 per cent.

The recommendation for Dr. Chope is that his monthly pay be increased from $2,409 to $2,547, or, from $28,908 to $30,564 a year.

The new pay scale will still leave Dr. Chope considerably below Stallings, however, who has been getting $31,416 since last January and stands a chance of getting another pay raise this year.

Here is a list of the other appointive civil service department heads and a comparison of their present monthly salaries with those recommended by the commission:

Agricultural Commissioner Victor Canavese, $1,166-$1,232; County Librarian Virginia Ross, $1,166-$1,267; Director of General Services Henry Tarratt, $1,628-$1,770; Director of Parks and Recreation Ralph Shaw, $1,377-$1,457; Personnel Director Richard Kennedy, $1,416-$1,497; Planning Director Reino Liukkonen, $1,377-$1,457; Purchasing Agent Brad Smith, $1,267-$1,339; Sealer of Weights and Measures Wilbur Frey, $1,013-$1,071; Veterans' Service Officer Lou Ponciroli, $834-$857.

'Devil Dolls' In N. County Investigated

Two beautiful dolls which may have contained explosives cunningly planted by Viet Cong terrorists were rushed to San Mateo police to be examined under X-ray last week.

The dolls were mailed innocently by Pfc. George Estabrook of South San Francisco to a friend, Miss Linda Bragg, 17, 134 Twelfth Avenue, San Mateo from Viet Nam.

Warnings on the dolls were broadcast yesterday over local radio stations after some had exploded.

Linda's sister heard the radio and warned her sister. The girl brought the package to San Mateo police.

Officer Richard Bonds contacted Sixth Army Bomb Disposal at the Presidio but they have been so busy checking on the dolls they told local police to have the dolls X-rayed.

Teachers Ask For a Ruling

(Continued From Page 1)

sisted, however, that there were questions of legality both in allowing presentations by groups or persons "outside" the sanctioned negotiating council and in provisions for "dual" members.

A dual members — employes who are members of more than one group that might be represented on the negotiating council—would be allowed to select a teachers' organization to represent him under the Jefferson board rules. The JUHSDTA feels that a teacher can be represented officially only by one group on the negotiating council.

Wolf's complaints will be brought before the district attorney's office for an official ruling on the legality of the recently adopted rules.

The Jefferson Elementary board last week ran into a similar breach of legality charge from the Jefferson Classroom Teachers' Association, also a C.T.A. affiliate.

Michael Pennings, president of the group, questioned the legality, under the Winton act, of a board measure which would allow the superintendent to offer all employes a choice on health insurance—bypassing the JCTA.

In other action Monday, the board:

Heard report from the superintendent that there is no further progress in the coaches' suit against the district for "after hours" pay.

Learned that work on the Westmoor High School slide area will not commence until plans are submitted for residential development of the 20 adjacent acres.

Were informed that within one week the district will receive architect's plans for louvered windows at Jefferson High School.

County Utilities Happy About Tax

There are at least three taxpayers in San Mateo County who are not unhappy about their tax bills.

They are the Pacific Gas and Electric Company, the Pacific Telephone and Telegraph Company and the Southern Pacific Company.

A review of the utility tax rolls disclosed last week that the three big utility companis will pay a total of $808,148 less county taxes this year than in 1964.

This seeming paradox in a year when most property taxes have increased sharply came about this way:

County Assessor Ralph E. Woodman set out this year to equalize county property at an assessed value of 25 per cent of market value. This resulted in an increase of some 30 per cent in the assessment roll and consequent reductions in the tax rates of most of the 125 taxing agencies in the county.

The utility roll, however, is assessed by the State Board of Equalization. The roll this year increased by only 3 per cent, with most of the increase probably due to normal growth.

The result was that when the local tax rates, reduced in most cases, were applied against the nominally increased utility roll, the utilities found themselves owing less in taxes.

The total utility tax bill last year was $7,286,857. It is $6,388,709 this year. Here are the comparative levies for the three firms: PG&E — $3,152,092 in 1964; $2,745,180 in 1965; down $406,912. PT&T — $3,310,046 in 1964; $2,934,630 in 1965; down $394,396. SP—$747,413 in 1964; $652,684 in 1964; down $94,728.

Danny Kaye Is Set for Symphony

Tickets are now on sale for the December 5 Pension Fund Benefit concert of the San Francisco Symphony Orchestra, to be conducted by Danny Kaye, according to Joseph A. Scafidi, manager.

In this unusual Sunday evening performance, Maestro Josef Krips will conduct the Overture to "Die Fledermaus" and then turn over the baton to the irrepressible comedian for a concert entitled "An Evening With Danny Kaye."

From then on it will be anybody's guess—including the 100 musicians on stage.

Kaye is considered by many, including Maestro Krips, with whom he has worked in Buffalo, as an excellent conductor, in spite of a lack of classical music play the music straight—no slopping through it—but what comes between the numbers—well—, it's not serious."

S.S.F. Father Shoots Self

A South San Francisco man, father of four children aged 3 to 9, committed suicide last week in his car parked near D and Hill Streets in Colma.

Deputy Coroner Robert Cole said the victim, William Roofner, 42, of 2284 Derry Way, had been depressed because of business problems connected with his gas station in San Francisco.

Rest Home Rezoning Held Over

Request for commercial zoning to allow development of a three-acre convalescent home project adjacent to Mary's Help Hospital was held over by the Daly City Planning Commission at its last regular meeting. The matter was scheduled to be heard again at last night's meeting.

Commissioners expressed concern over rezoning the property—located east of the intersection of Alta Loma Avenue and San Fernando Way—from single-family (R-1) to commercial (C1) in view of the fact that an adjoining eight acres of undeveloped property are classified R-1.

The applicant, K. H. Vitt of San Jose, owns the entire 11-acre parcel, but his application did not indicate plans for use of the other eight acres.

Vitt was represented at the meeting by William Chapman of Daly City, former city engineer for the City of Daly City.

Chapman described the proposed develompent as including a series of rest homes, homes for the aged, and a pharmacy, all considered by the city planners as compatible uses for land adjoining the Mary's Help Hospital.

In answer to Commissioner Richard Dwyer's argument that a C-1 zoning would not give the city satisfactory control over actual use of the property, Chapman proposed an alternate zoning change of R-4, a more restrictive classification, instead of C-1.

This met with opposition of residents of the area, who voiced the complaint that an R-4 zoning could result in construction of apartments several stories high, obscuring their view.

Spokesmen for the dozen homeowners who appeared to comment on the Vitt application included Del Wilson, 206 Alta Loma Avenue; Frank Lambertson, 170 San Fernando Way, and Mrs. Roger Wilson, 162 San Fernando Way.

In other action at the October 12 session, the planners:

Approved use permit application from Philip Racchi for a restaurnat, bar and dance hall at 6192 Mission Street.

Set for D.C. UN Week

Daly City Mayor Frank Pacelli has declared this week to be United Nations Week in his city.

Pacelli, in his proclamation, urges all citizens to "demonstrate their faith in the United Nations and contribute to a fuller understanding of its aims, problems and accomplishments."

The mayor went on by saying that, "the UN has for 20 years repeatedly and decisively proved to be an increasingly effective and respected action agency for world peace, progress and prosperity."

D.C. Slaying Suspect Says 'I Am Sorry'

San Francisco police, following a six-month statewide manhunt, have arrested and booked a man in the slaying of a Daly City girl.

The suspect, Virgilio L. Restauro, 24, was taken into custody late last week in a San Francisco hotel. He said he had been working at odd jobs up and down the coast.

He was booked in connection with the death of Monita Vicera, 16, whose body was found April 19 on slopes near Muir Woods in Marin County. He told officers he killed the girl in San Francisco and transported the body to Marin County.

An FBI warrant was issued April 22 for unlawful flight to avoid prosecution. He reportedly had been dating the victim.

"I am very sorry about her death," Restauro said in his cell after his arrest. "It was an accident."

The girl's body was found fully clothed, about 60-feet from a road, with a broken neck and stab wounds along the side of her face, apparently inflicted with a screwdriver.

One of the stab thrusts, Daly City police said, had entered above the left eye, through her temple, and probably caused her death. Four or five other thrusts had been deflected by her cheekbone, investigators said. They said she had not been sexually assaulted.

MAN ASSAULTED

James S. Yonan of 196 Irvington Street in Daly City was assaulted by two young men in their early twenties last week according to police.

A 34-year-old Utah man was appointed last week to be head of College of San Mateo's data processing bureau, at a salary of $14,000 a year.

Wells A. Grover, an assistant professor at Brigham Young University and former systems engineer for International Business Machines Corporation, was named by the board of trustees at its regular meeting on the campus.

He will start on February 1, succeeding the late Kenneth P. Swallow, who was killed in a traffic accident in January.

ROOF FIRE

Daly City firemen extinguished a fire burning on the roof of a home at 636 Bellevue Avenue last weekend. Damage was reported as light.

Delph Schayes, coach of the Philadelphia 76ers, is the only man in NBA history to play more than 1,000 games. In one 11-year stretch the former NYU star missed only three games.

at the POST

By LE PACINI

TERRA NOVA football coach Bob Fisher is in the unenviable position in which many coaches find themselves in the midst of a rebuilding program.

When the green Tigers were not only losing but getting shutout week after week, it seemed as if the sports writers could remember nothing about Terra Nova other than its long scoreless string.

"It created a real block for our inexperienced kids," says Fisher. "Heck, such constant reminders about how impotent your offense is would create a mental block for even experienced players."

"It got so that they lost all confidence in their ability to score. In other words, they were believing what they read about themselves in the papers."

But a few weeks ago the Tigers beat the jinx, got over the hump by smashing Half Moon Bay, 40-19.

So then Fisher had potentially the opposite problem.

"Now they'll probably say we're the greatest scoring machine ever to hit the Coastside," he said after the big win, "and it could affect the kids the opposite way. They might become overconfident and may get whipped worse than ever."

★ ★ ★

SO FAR Terra Nova is holding its own, hasn't gotten overconfident, and is still slowly but surely rebuilding.

Fisher's holding his breath that they maintain balance, don't underscore or overscore. One can be as damaging as the other. It takes only one point to win, and any coach in the county will take that margin any time on a guaranteed basis.

★ ★ ★

STILL ON the Tigers, and track, cross country coach Dennis Lanterman, a former Washington High (San Francisco) and Occidental track star still in running condition (he works out right along with the boys), confides that the time will soon be coming when one or two of "his boys" will be able to whip him. Sofar, it's yet to happen. When it does, Dennis claims he will accept defeat and bow out (competing with the kids, that is), gracefully.

★ ★ ★

RECENT PROPHETIC headline error in a San Francisco daily: "Nebraska's Passing Humbles TVU, 34-14."

Of course, it was TCU, but in view of the CBS Yankees, why not a TVU in the foreseeable future? And they'll probably lose, too. Television networks just don't seem to have the material these days.

★ ★ ★

A FEW LAST baseball items, like what a certain announcer said about Koufax in the seventh game. "Sandy's getting by on just a fast ball, a curve, and control," he intoned seriously.

Which is tantamount to saying that the only things which make Sophia Loren attractive are a beautiful face, a fine figure and a sexy personality.

Ironically, the announcer was wrong, anyway, because Koufax said after the game that his curve ball just hadn't worked right all day.

★ ★ ★

AND WE WISH, for Horace Stoneham's sake, that someone would buy Willie McCovey's San Francisco home on Pacheco Street.

We somehow have a hunch that Willie is going to attempt to recoup the double rents (on the Pacheco house and his new one on the Peninsula) he's been paying for months come contract time. Over and above his baseball exploits, that is.

Both Willie Mays and Babe Ruth were 34 when they hit their 500th homer. But don't get too enthused, Mays fans, because Jimmy Foxx was only 33 when he his his 500th, and as it turned out, he never did really threaten Ruth's 714.

★ ★ ★

CRICKETT, ANYONE?

SINCE OUR crickett column of several weeks ago we've been haunted by the memory of an old Mickey Rooney picture in which Mickey, the typical American boy (we were a nation of midgets in those days, you see), somehow got enrolled at one of those exclusive boys' schools in England and became an overnight cricket star because of his experience at American baseball.

Considering the differences between the games in equipment (balls, bats, gloves), the distance and dimensions of the fields, and the fact that there are nine separate and distinct types of possible strokes with a cricket bat (not to mention accompanying intricate foot movements), what's been haunting us is . . . who was the idiot who researched that movie? Using the same logic, a great cricket player should make it in professional baseball. But only one, to our knowledge, ever did it. That was Andre Rodgers, former Giant, current Cub, and only a utility man, at that.

★ ★ ★

IF YOU golfing bugs are really convinced that golf is a good conditioner, then how do you account for Jack Nicklaus . . . or Bobby Roseburg, for that matter?

★ ★ ★

THINGS THAT IRRITATE:

WE'VE PUT up with Bob Fouts' fads—the red dogs and the rooster blocks, et all—for years, now, and we guess we'll live through his "second effort" stage, even though he does count a quarterback picking himself up after a 10-yard loss as a great second effort.

But the only thing, we suspect, that really keeps us going is the hope that someday a player will make a THIRD effort. Will glib Bob know how to handle THAT one?

We also tire of hearing Fouts and Gang continually refer to each other by their first and last names.

"That was a fine run, wasn't it, Gordy Soltau?"
"Yes, Bob Fouts, it certainly was."
"Right, Gordy Soltau."
"Right, Bob Fouts."
"You can say that again, Gordy Soltau."
"Alright, Bob Fouts, it certainly was, Bob Fouts."

We wish somebody would introduce the boys properly.

★ ★ ★

FINAL GRIPE. O Why must football go through the silly, delaying ritual of re-enacting the pre-game coin flip? It's about as useful as enrolling Fidel Castro in the FSM.

And besides, with the money football makes from TV contracts, they could afford to flip stock certificates.

Terrific Tiger

MIKE WARD (87) Terra Nova end stretches out his long right arm to halt an Oceana back in Friday's game in Pacifica. Ward, a fast and agile 6-4 operative, was one of the key elements in the Tigers' smashing 24-0 NPL victory. The win set their record at 3-1-1, their best over-all mark since 1962. (Willie Kee Photo)

Tigers Crush Oceana

Terra Nova Rambles to NPL Win

By GENE GIBSON

Tjrra Nova High School's suddenly vicious Tigers, having shut out neighboring Oceana, 24-0, last Friday, journey to South San Francisco for a duel with the Warriors.

Friday in Pacifica the Tigers turned loose a pack of good backs to crush Oceana and win the championship of the city.

T.N. Coach Bob Fisher received the traditional dunk in the swimming pool by his prep gridders following the win.

The dunk in the pool, plus the silver anchor which Terra Nova took back, are symbolic of the mythical championship of Pacifica.

Revenging last year's 19-0 loss, the Tigers won their North Peninsula League opener by completely containing the Sharks. The latter team managed only 38 yards rushing and 37 yards through the air.

A smiling and soaking Fisher had nothing but praise for his youhful charges. "We made a few mistakes, but it was a great game," he replied.

The victory marked TN's third in succession and gave them a 1-0 mark in the NPL.

Sophomore halfback Clancy Smith again paved the way to victory, scoring on touchdown runs of 45, 43 and 19 yards.

The opening score came with 20 seconds remaining in the first half when Tiger quarterback Gary Topolinski lobbed an 8-yard pass to end Mike Ward after three consecutive tries at the goal had failed.

Then it was Smith all of the way as Clancy scooted 19 yards to score with 3:40 gone from the third period.

Next he ran back a punt 45 yards and another TD at the end of the stanza.

Smith climaxed his day by scooting 43 yards through every Oceana player on the field in the final period.

S.S.F. Edges Westmoor in Key Contest

DeJong's Crew Wins 19-6 Toughie

With a marked sigh of relief South San Francisco High School hosts Terra Nova Friday afternoon managed to pull out a hard-fought 19-6 win over Westmoor in the North Peninsula League opener for both schools.

For the Warriors it was their twelfth straight win, their sixth straight NPL triumph, but the first league game in which they had been scored upon in two years.

"This certainly wasn't one of our better games," said DeJong following the contest.

Taking nothng away from the determined Rams and making no alibis, DeJong stated "that we had no consistency, no crispness to our playing."

The likable coach issued a friendly reprimand to the team following the game, telling them that they had better play better if they expect to win the NPL championship.

The rugged Westmoor defense completely bottled up the vaunted Jones in the first half, limiting him to 11 yards. The two teams left the field at the intermission all tied up, 6-6.

Olme Halted

A TENACIOUS bunch of Westmoor Ram defenders drag down South San Francisco's little Tom Olme (40) in last Friday's NPL crucial encounter. The Warriors won 19-6, but the Rams played their finest game of the year in the loss. The win was S.S.F.'s twelfth in a row. (Willie Kee Photo)

NEVER TOO LATE

Prosperity Arrives In Time for Colts

By RICH LAWSON

The football fortunes of the El Camino High School Colts took a turn for the better Friday and prosperity couldn't have come at a more opportune time.

With a Friday game with North Peninsula League rival Westmoor coming up, the Colts' 13-6 squeeker over Jefferson last week was a must-win game.

A 10-yard sweep by Mick Ackley in the third period proved the difference as the teams had fought to a 6-6 deadlock at the half.

In the third quarter, the Colts took over at mid-field, from which point Ackley led his Colts along the ground to a touchdown, scoring himself on a 10-yard sweep. A Colt conversion gave El Camino a lead they never gave up.

In the opening quarter, after stopping the Indians on their own 31-yard line for three downs, El Camino's center Pete Watson charged in to block the punt. The ball ended up in possession of El Camino on the Indian 16, and on the first play thereafter, Ackley tossed to Bob Ruiz for the score.

In the second quarter, Jeff and the Colts traded the ball four times before any major scoring threat.

The Indians, on a series of passes, moved from the Colt 47 down to the Camino five-yard line where Bill Redmond took a short toss from quarterback Bill Shelver for Jeff's only touchdown.

Sponsored by the Post-Times
Entries available every Tuesday and Wednesday in The Times; every Wednesday in The Post

RULES AND REGULATIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given to contestants who predict the tie.
2. Write the total net yards (rushing and passing) that you think the S. F. 49'ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)
3. Clip and mail the entry blank to:
FOOTBALL CONTEST
The Post
30 Park Plaza Dr.,
Daly City, Calif.
4. Entries must be postmarked prior to midnight Thursday of this week or delivered to The Times prior to midnight Thursday of this week. The Times is not responsible for entries lost, delayed or destroyed or which fail to reach The Times by 9:00 A.M. on Saturday.
5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs. Stanford, on November 20. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.)
6. A bonus of $50 will be given to each cash prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for this bonus, either of the boxes at the bottom of the entry blank must be checked. In the event two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.
7. Number of entries from one household is limited to fifteen (15) on official entry blanks but only one (1) exact sized facsimile of the official entry blank may be submitted. Submission of more than one facsimile in any one week will render all facsimilies submitted by that contestant void.
8. Entries may be attached to a postcard, mailed in an envelope or delivered by hand to the San Mateo or the Daly City offices of The Times.
9. Anyone may enter the contest except employes of The Times or immediate members of their family.
10. The decision of the judges is final and all contestants agree to abide by the judges' decisions. All entries become the property of The Times, no answers may be returned. The Times reserves the right to correct any typographical errors in the entry blank which affect the outcome of the contest. Answers to the contest or winners' names will NOT be given out over the phone. Winners will be notified by The Times.

Sugar... 'n' Spice

By NELL NORTON

BOO! Are you scared to death at the thought of Hallowe'en being so near and the fact that you still don't have those costumes finished? Well, be of good heart, most of us are in the same boat and I, for one, am not as far along as you are and I'm not worried—

Not only am I not worried, I refuse to think about it, instead I want to talk about Hallowe'en baking. That's much more fun and a lot easier than sewing sequins and bows on costumes, don't you agree?

EVERY HOUSEHOLD has its own special Hallowe'en plans and traditions and in our household we always have pumpkin pie on Hallowe'en night. Not for dessert right after dinner, for there is too much activity right then. But later after the last treat has been given, the porch light is out and the youngest goblin has been tucked into bed, that's when it's a pleasure to relax with a cup of coffee and a piece of pie. If this sounds good to you, too, here's a never-fail recipe for pumpkin pie.

PUMPKIN PIE

- 2 eggs, slightly beaten
- 1 can pumpkin (303 sizer
- ¾ cup sugar
- ½-teaspoon salt
- 1 teaspoon cinnamon
- ½ teaspoon ginger
- ¼ teaspoon cloves

One and two-thirds cups evaporated milk, top milk, or light cream in nine-inch unbaked pastry shell. Mix ingredients in order given. When well-blended, pour into unbaked pie shell (be sure to build up the sides of the pie shell, for this is a generous filling.) Bake in hot oven (425 degrees) for 15 minutes. Then reduce oven temperature to 350 degrees and bake for approximately 45 minutes or until knife inserted in center of pie comes out clean.

☆ ☆ ☆

HOWEVER, if cookies are more appealing to you than pie, here are two recipes that will give you lots of delicious cookies frosted in Hallowe'en colors.

The cookies in this first recipe and the frosting on these cookies are orange (in color) and the delightful moistness comes from the "baby food" carrots that are blended in the batter.

GOLDEN NUT DROPS

- 2 cups sifted flur
- 1½ teaspoon baking powder
- ¼ teaspoon salt
- ¾ cup shortening
- ½ cup sugar
- ¼ cup firmly packed brown sugar
- 1 egg
- 5½ ozs. strained carrots
- 1 teaspoon vanilla
- 1 cup walnuts, chopped

Sift together the flour, baking powder and salt. Blend shortening, sugar and brown sugar, creaming well. Beat in the egg. Blend in the sifted dry ingredients alternately with strained carrots and vanilla. Mix thoroughly. Lastly add the chopped walnuts and mix well. Drop by rounded teaspoonfuls onto greased baking sheet. Bake in 350-degree oven 12 to 15 minutes. Frost while warm. This recipe makes five dozen cookies.

☆ ☆ ☆

ORANGE ICING

- 1 cup sifted confectioners' sugar
- 2 teaspoons grated orange rind
- 2 tablespoons orange juice

Combine ingredients. (Be sure to use sifted confectioners' sugar or the icing will have unattractive white lumps in it.) Mix until smooth.

☆ ☆ ☆

THESE CHOCOLATE drop cookies with the rich dark chocolate frosting finish off your Hallowe'en cookie display.

CHOCOLATE DROP COOKIES

- 1¾ cups sifted flour
- ½ teaspoon salt
- ½ teaspoon soda
- Two-thirds cup shortening
- 1 cup brown sugar, firmly packed
- 1 egg, unbeaten
- ½ cup milk (sweet or sour)
- 1 teaspoon vanilla
- 2 squares unsweetened chocolate
- ½ cup nuts, chopped

Sift together the flour, salt and soda. Cream shortening and brown sugar adding the egg and beating well. Add the sifted dry ingredients alternately with the milk and vanilla. Melt the chocolate in double boiler and add the melted chocolate to dough. Lastly add the chopped nuts. Blend well. Drop by teaspoonfuls on greased cookie sheet. Bake in 350-degree oven about 15 minutes. Cool and frost. Makes about five dozen cookies.

☆ ☆ ☆

FUDGE FROSTING

- 2 squares chocolate
- ¼ cup milk
- 1 tablespoon butter
- 1 cup sifted confectioners' sugar

Combine the chocolate and milk and butter in top of double boiler. Heat over boiling water until chocolate melts; blend until smooth. Remove from heat; add one cup sifted confectioners' sugar. Beat untild smooth and glossy. If too thin, add additional confectioners' sugar until desired consistency.

Party Plan Is Readied By SM Cancer Society

Women from American Cancer Society units throughout the county are helping San Carlos unit of San Mateo County Branch ACS with its first fund-raising project, a November 10 theater party.

The San Carlos group has reserved a large bloc of tickets for that night's performance of "The King and I" at Circle Star Theatre. Proceeds will be used for the Cancer Society's threefold program of research, education and service, according to Mrs. William Pfeiffer Jr., general chairman of the benefit.

Mrs. Pfeiffer, who recently received the San Mateo Branch certificate of appreciation for outstanding service as an office volunteer at branch headquarters, today emphasized that theater benefit tickets are on sale to the general public.

Reservations for the ACS bloc of seats may be made by calling the county ACS office, 1517 South B Street, San Mateo, or with Mrs. Pfeiffer, Mrs. Chase Lichtenstein or Mrs. William Kelly in San Carlos.

ACS unit members assisting with promotion of the theater party in their own communities include:

North County — Mesdames Robert Boston and Joseph Cooper, South San Francisco; Ernestine Shepard, Max Wahl, and John Leonard, Daly City; Robert Cochran, Eugene May, and Warren Petersen, San Bruno; Louis Reiners, Norman Poile, and Clyde Holmes, Millbrae.

MRS. DALE JOHNSON is chairman of the annual Mercy Ball, sponsored by the Westlake Catholic Women's Group, which will be held Saturday, November 13, in the Marquis Room of the Hyatt House in Burlingame.

Symphony in Midst of Its Fund Drive

The San Francisco Symphony Association's first fund drive letter, in the mail this week, will be a bit of a shock to the thousands of Northern California recipients.

It's a bill for $393,000.00 representing the projected deficit for the upcoming 1965-66 season after all anticipated income is in at the end of the season in June 1966.

The invoice, signed by Philip S. Boone, Association President, notes that a gift of $25 or more, tax-deductible, will make a person a member of the Symphony Association and enable him to receive the benefits of membership in the Symphony Foundatin.

A $100 gift entitles the donor to Regular Membership with voting rights in the Association.

Gifts in any amount are welcome.

Checks should be made payable to the San Francisco Symphony Association, War Memorial Opera House, San Francisco, California, 94102.

COMMENT

Do Pedestrians Cause Fatalities?

FOR YEARS motorists have been tagged as the culprits in accidents involving pedestrians, and in many cases they are. But recent studies by the American Automobile Association and other groups pinpoint the pedestrian as most often at fault in auto-pedestrian accidents.

Since 1937, four of ten tfraffic deaths have involved pedestrians, and the ratio of pedestrians has been rising in recent years. An analysis of 1964 traffic deaths in Washington, D. C., shows that in three cases out of five a pedestrian was at fault.

LAST YEAR, 65 of the 115 traffic deaths in Washington were pedestrians, a statistic which so shocked traffic safety officials there they instituted a campaign to teach pedestrians the safety rules of the road.

Jaywalkers are ticketed as ruthlessly as illegally parked cars. Even children playing in the street who ignore good safety rules are given tickets for their parents. These tickets carry a $5 fine, but there is an alternative. The pedestrian can attend a two-hour anti-jaywalking school where he will hear lectures and see movies of good walking habits and the results of bad ones.

ABOUT 40 per cent of those ticketed go to the school instead of paying the fine. Police officials wish they all would. It is better pedestrian habits they seek.

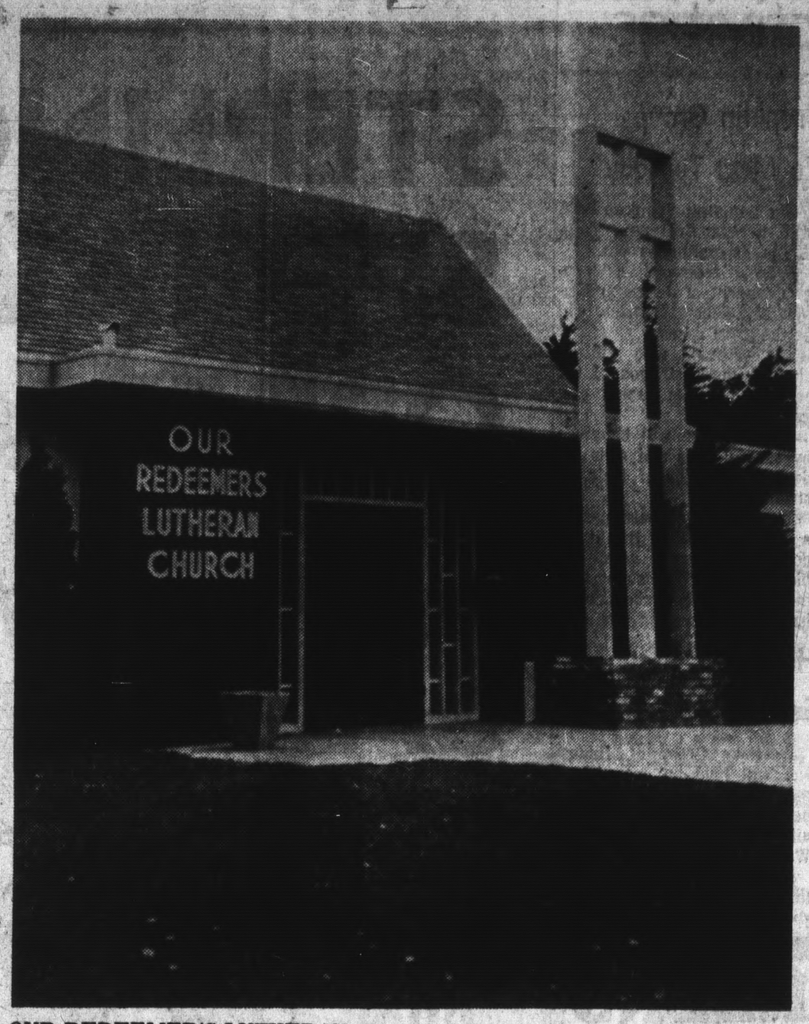
Crossing against traffic lights, assuming vehicles will give pedestrians the right of way, walking in the street and failure to exercise particular caution during darkness and bad weather are prime causes of pedestrian accidents.

PEDESTRIANS are not much different from motorists in mental attitudes. Neither believes an accident can happen to him, and each is sure the other will yield the right of way.

Attending a school in which accident scenes are shown on film and described by safety officials who see the results of such attitudes too frequently is good pedestrian therapy.

Only one other anti-jaywalking school now exists in the U. S.—in Portland Ore. But the concept is one of the most promising from the standpoint of preventive action, and it has its application in every community, no matter how small.

Our Redeemer's Church



OUR REDEEMER'S LUTHERAN Church at El Camino and Southwood Drive in South San Francisco was founded in April of 1954. Members of the congregation first met in the Southwood Shopping Center in South San Francisco. The first two pastors were Ingvald Haanstad and Alfred Karlsted. The congregation moved into its new church in May of 1955. The present pastor, Irving Tweet, came to the church in 1960. There are 550 members in the congregation.

Britain's Beatles Emerge As Brilliant Composers

Bob Foster

IT IS TRUE, the Beatles may not be the best singers around. But there is one thing for sure. Paul McCartney and John Lennon are two of the most brilliant composers to come along in many a year.

"Yesterday," the newest recording by the long-haired group from Liverpool, is not only a popular tune, but, musically speaking, is an outstanding composition.

Most of the music sung by the Beatles has been written by McCartney and Lennon. By and large, when performed by more serious musical groups, the music is highly original, well done and I'm sure even critics of the Beatles themselves, would have to admit the music is much better than most of what is being written by mass production, young American rock and roll composers.

In fact, the trend seems to be changing. The beat is definitely still there, but the music seems much less frantic. Some of the new singing groups actually can sing, and this is a good sign.

LAST WEEK I watched "Hullabaloo"on NBC. Paul Anka, one of the early rock and roll singers, was on hand to be the host. He is a fine musician, playing about 11 instruments well. He has gone over to ballads and when doing them one finds that Anka is a talented young musician.

☆ ☆ ☆

On the show Leslie Uggams, the "Back Porch Majority," plus "The Supremes," showed up. All of them proved to be well above the usual lot of "off key" so-called artists. If things keep moving the way they are in the music field, popular music might well become tolerable once again.

☆ ☆ ☆

I NOTICE that the "Hullabaloo" dancers are even having a little rougher time doing the "go go dances" to the more temperate music which has crept into the hit lists.

It may be that "Hullabaloo" is coming up with better talent, or that ABC has done some bad scheduling, but "Shindig" isn't doing too well in either of its time slots. Or maybe there are enough color sets around to give "Hullabaloo" a break, for the color work on the show is outstanding.

ONE OF THE favorite shows in the Foster home is NBC's "Wild Kingdom." This Sunday afternoon show is now in about its fourth season and never fails to entertain and instruct.

Some of the most outstanding wild life photography ever made has been shot by the "Wild Kingdom" camera crews. Last year a good deal of the footage was about Africa, and the vast Northern California wasteland.

Last week the show returned for a new season with a visit to one of the most fascinating areas of North America, the great Arizona-Sonora desert. Like the Disney wild life photography, the work of the camera crews in the Sonora desert was delightful to behold.

FOR THE first time televison films have been entered in the San Francisco International Film Festival. This is recognition for a phase of film making heretofore and all too often overlooked at film festivals. I'm glad that television films are to be included, but I'm not glad about the films being submitted.

Most of the films are from the world of the "documentary." A few entered in the San Francisco Festival come from the world of entertainment films, but I note only one network presentation made the honored list.

This would indicate something to a non-viewer of television. It might mean that television was mostly documentary in nature. Now any television viewer, even the casual viewer, knows this isn't so.

In fact, 96 per cent of all the television fare on the screen is entertainment in nature.

Three of the 12 shows listed are entertainment. Only one is from the network . . . "The Louvre," which has already been honored from here to there, as well it should be.

Documentary television to many, including myself, is the most exciting kind of TV. But there is a great deal of good dramatic and entertainment television available.

I have long taken television, motion picture and other kinds of awards with a grain of salt. I've known many awards to have been given only because one or two stations even bothered to make an entry. This is true with radio awards, and newspaper awards. They are not, by any stretch of the imagination, representative. Maybe these will be better.

NBC recently worked out a deal for baseball coverage, including the World Series and the All Star game. Next season NBC will not only carry games on Saturday afternoon, but has the right to bring games, at least one night, each night of the week.

It is obvious that NBC may have had to buy the weekend and weeknight package to get the World Series and All Star game. ABC owned the weekend package last year but lost money on it. Up to late last week not one of the networks was interested in carrying the games. Suddenly NBC announced its decision to do so. Perhaps this was part of the World Series deal. Many schedule changes will occur as dictated by NBC next summer.

Watch Out for Those Fake Ads

Lorene Beasley

WE HAVE all seen such classified ads in pulp magazines and papers that read as follows: "Wanted men and women to work at home $50 to $100 a week, in spare time. Send $1 for information."

Responsible publishers refuse to publish such misleading ads if the offer can be identified as such. However, offers of this type cannot always be identified as false and publishers welcome complaints regarding such ads.

Harold James Whitaker was indicted on a charge of fraudulent use of the mails. He was probably one of the most prolific of home work scheme promoters in the country. He was found to have been identified with at least 12 con games under a variety of names such as: Snatch-All Fly Company, BabyBib Manufacturing Company, Redisew Manufacturing Company, Jiffy Company, Artificial Lure Company and others.

MANY CASES, involving hundreds of different homework schemes have been reported to the Better Business Bureaus. The annual take in these rackets is over five million dollars.

Housewives, shut-ins and the elderly form the largest percentage of the victims. Housewives, eager to make extra money, fell for the advertisement. They were informed that all that was necessary was to send in $2 for a sample apron.

IT WAS explained that the $2 was charged to keep out the curious who were not interested. Whitaker was not satisfied with the initial payment and soon charged an additional $4 for detailed instructions on how to make the aprons. Those who answered the ads were under the impression that all of their finished products would be purchased by Whitaker.

The hopeful home workers who sent in the finished products were told their finished garments were not sewn "up to standard" and their work was rejected.

The people answering the advertisement for making fishing lures also found out that the promoter was interested only in collecting money not paying out money. Part of his instructions were for them to contact a community store and sell their products to them.

Another profitable racket is "instructions" on how to operate a clipping service. The instructions received were directions to clip articles from newspapers and sell them to people mentioned therein.

ONE OF the worst evils of the home work scheme racket is the fact that, although the perpetrator can be eventually stopped in his activities, there is little redress for those who have already lost their money. There must be complaints to start an investigation, and many people refuse to admit that they have been taken. The racketeers know this.

Such rackets can only be stopped with the co-operation of the consumers. Beware of any ad that offers huge profits; testimonials with incomplete addresses; no employment offered when the ad is answered and a request is received in mail for money for worthless instruction kits. The entire purpose of the promoter in such advertising is to sell something and he is the only beneficiary who benefits.

POSTAL INVESTIGATORS working on the Whitaker case estimated the mail addressed to his various companies averaged 500-600 letters per day. Multiply that by $2, and later the $4 he demanded, and you can see that he had a pretty lucrative income.

A California promoter was found guilty of 11 counts of using the mails to defraud. He had collected $12,500 in three months for an "address mail at home" scheme and for worthless instruction booklets.

A Florida promoter charged $3 for a list of job opportunities in Florida and mailed "Help Wanted" clippings to those who sent in their money.

Hyatt Hit Twin Smash

Barbara Bladen

"BELLS ARE RINGING" at Hyatt Music Theatre. Both at the box office register and on the reservation telephone. The comedy by the same name opened last week and is undoubtedly the brightest, most tuneful, tasteful musical treat of the season.

Janet Blair is Hyatt's number one ace in the hole. She makes any show look good but is particularly right for Ella Peterson, the personality-plus switchboard operator who acts the matchmaker, job-finder and confidant to her unseen subscribers. Whether singing, dancing or acting, Miss Blair commands the stage and has a tiger-in-her-tank supercharge that adds up to a performance well worth seeeing.

Betty Comden and Adolph Green wrote the show for their good friend, the late Judy Holliday, and I didn't think anyone would ever do it as well. Not only is it my favorite musical but Janet Blair does it full justice. The production is further enhanced by Joe Schnee's choreography and Jonathan Lucas' direction.

The good deeds done at Susanswerphone office look suspicious to the police inspector (Jim Myers) who accuses them of every crime in the book. Ella takes beyond the call of duty interest in her subscribers. She informs a Brando-type actor (Alfred Rossi) about try-outs for a new play and suggests he show up in a Brooks Bros. suit rather than a leather jacket; tips off a frustrated dentist (Bob Hudson) who composes songs on his air hose about auditions for a songwriter and encourages playwright Jeff Moss (Byron Palmer) to leave off liquor and women and concentrate on completing a script in which a producer (Walter Murphy) is interested.

THE HUMOR is on two levels with Jim Demarest as a phoney Viennese impresario courting Fran Ryan (who owns the phone answering business) to merge business operations. She thinks he has a phonograph record company which is actually a code system bookie racket. When bright-eyed Ella is told that Beethoven didn't write a tenth symphony, she changes the day's orders to Beethoven's ninth, thereby throwing thousands of dollars worth of bets onto the wrong horse. All this done in song before the "musicians" from Chicago show up with loaded violin cases to collect on the bets.

Palmer is better at putting a song across than a character. He didn't play Moss much different than the role he recently did in "Pajama Game" but has the looks and bachelor ego that the part needs.

The cast suffered from the dropsy with flowers, earrings, bracelets, headbands, and cummerbunds falling off at different times. In the case of the latter, it garnered additional laughs for an already funny script as Palmer's evening attire came unfastened just before the love ballad, "Just in Time."

City Government Is a Necessity

Samuel Chandler

(Author Sam Chandler is the Daly City Librarian)

IT HAPPENED! During the recent conference of the California League of Cities, the governor and the minority leader of the State Assembly agreed—both stated that most of those functions of government that enter every waking and sleeping moment of the American people are left to the administrations of local governments.

A pause to reflect shows that this is true. Consider some of the services and utilities that cities provide: police and fire protection; recreation, auditoriums, libraries, roads and streets, sanitation, sidewalks, lighting.

Many cities go far beyond this to provide airports, swimming pools, parking lots. Some operate water, light, gas and transportation systems—Nearly all regulate traffic and building practices—Cities may be found that build and manage public housing projects, and renew areas that have become slums.

☆ ☆ ☆

IN CARRYING out their many tasks the 17,977 incorporated municipalities gave their citizens a real bargain. Of a total the $180 billion spent by all units of government in America—national, state and local, the municipalities got a bit less than 10 per cent.

Samples of how they spent this money show that there were in 1964 some 1,051 fire departments in cities of ten thousand people or more. Over 63 million dollars were spent for police protection in cities greater than ten thousand. In 1962 alone cities built 288 new parks, 165 new playgrounds plus an unspecified number of new facilities from ski tows to children's zoos.

In 1962 the public libraries in cities with a population greater than 35 thousand circulated five hundred million books. 364 cities maintain public health departments while hundreds of others supported local and metropolitan health districts.

The municipalities administered the construction of 100,229 public housing units. Upon them evolved the task of administering most of a thirty million dollar water polluton control project.. In ths as in hundreds of other projects the local governments co-operated with the national and the state governments.

☆ ☆ ☆

While the municipalities of America face many problems, and even fail to solve some of the ills that beset their citizens, they nevertheless provide the most vital services of government.

Truly they were nearer Aristotle's dream of the purpose of cities than most of us realize. Aristotle wrote "Men come together in cities in order to live; they remain together in order to live the good life."

A reference tool that is stuffed with information about city government in America is entitled "The Municipal Yearbook." It is published annually by the International City Manager's Association. The 1965 edition has five parts that informed Americans must peruse.

Mori's Point Library Rites

A new County branch library with sweeping views of the Pacific and scenic Mori's Point has been dedicated by the citizens of Pacifica.

The unique cathedral-beamed structure, designed by county staff architects, features library facilities on the second floor with a community meeting room on the first level.

A total investment of some $185,000, the library building was jointly financed by the County of San Mateo and the City of Pacifica after a long period of planning, negotiating, and searching for a suitable site, extending back to the period before Pacifica was incorporated as a city.

The county purchased the hilly site and constructed the library; the city's share of the construction cost is $66,540, which is being repaid to the county library in the form of annual rent over a 20-year period.

The cultural room was included in the building at city request. The Pacifica branch is a part of the San Mateo County Library system; books, staff, and library services are supplied by the county.

Presiding at the Saturday event was Mayor James Fox of Pacifica with Supervisor Jean Fassler giving a brief welcome talk and Assistant County Librarian Ruth Mathison a sketch of library history.

Coastside Librarian Janette Thompson pointed out that population growth of the area is reflected in the growth of the branch library, established originally as the Salada Beach Branch in January 1932.

Annual circulation has risen, she said, from 1,307 in 1932 to 67,124 this year, while the number of borrowers rose from 75 to 4,280. Book stock rose from 390 volumes to 19,768 during the same period.

B'nai Men to Hold Meeting

The first meeting of the men's club of Congregation B'nai Israel for the new year will be held at 8:30 p.m. Thursday at the temple at 1575 Annie Street in Colma.

Nominations and election of officers will be held.

President of the men's club, Lenny Mayer, invites the new members to take this opportunity to meet their fellow congregants and take part in our activities.

Lutherans to Observe the Reformation

Reformation Sunday will be observed at Bethlehem Lutheran Church at 533 Hickey Boulevard in Pacifica Sunday.

Rev. George S. Johnson will preach on the theme "Who Was Father Luther?" at both the 9 and 11 morning services.

Child care is provided.

Reformation is observed throughout Protestantism in commemoration of the reform within the Christian church set in motion by such men as Luther, Calvin and Zwingli in the 16th century.

The Junior League of Bethlehem will have a Hallowe'en Party at 7:30 p.m. Friday at the church.

All seventh and eighth grades are invited to attend. Mrs. Roy Place and Mrs. Carole Schmitt are the sponsors.

S.F. Symphony Sets Auditions

The San Francisco Symphony Association will hold preliminary Youth Concert auditions in five Bay Area communities, according to Manager Joseph A. Scafidi.

These auditions, open to all Bay Area public school, private, and parochial students in elementary, junior high or senior high school grades, will provide the talented soloists for the 14 San Francisco Symphony Orchestra Youth Concerts to be held throughout the concert year.

San Francisco State College's football team will acknowledge Joseph Verducci Youth Day, in honor of our late mayor by hosting Daly City children at the San Francisco State vs. Humboldt State football game on Saturday, October 23.

The Daly City Department of Recreation is co-ordinating this event.

Teams, clubs or groups interested in attending this activity should contact the Department of Recreation, at PL 5-0850.

County Crime Rate on Rise

San Mateo County's crime rate increase in 1964 more than doubled that of the State, official reports released last week have indicated.

The county joined Marin County in leading the Bay Area in the State's highest crime rate increase in 1964, according to to the official summary.

The report, issued by Attorney General Thomas Lynch, showed that crime in the State last year increased 10 per cent over 1963.

The San Mateo increase amounted to 24 per cent. Marin was even higher at 32.5 per cent.

Only one Bay Area county recorded a decrease in any crime category—Contra Costa.

There was a 15.7 per cent drop in the number of robberies there last year.

San Mateo's District Attorney Keith Soren declared "We have certainly noticed the increase in this office. We have not prepared statistics recently on prosecutions, but the increase in the number of trials has been quite noticeable. This year will undoubtedly break all records in the number of felony trials."

The increase in crime was reflected in every area of California to varying degrees, ranging from a 0.1 per cent increase in Sacramento to a 37.8 increase in Merced.

Library Plans A Book Review

The Friends of the Daly City Library will hold their book review at 10 a.m. tomorrow at the Westlake Library at 275 Southgate Avenue in the Coral Room.

Mrs. Lee Jones, guest speaker, will review James Michener's "The Source."

Benefit Dance

THE MARQUEE ROOM at the Hyatt House in Burlingame will be the scene of the Westlake Catholic Women's 12th Mercy Ball on Saturday, November 13. Club members here check the location of the event. From left, they are: Mrs. Tinny Campbell, Mrs. Peter Bistolfi, Mrs. Vincent Hussey, Mrs. Patrick Ganey and Mrs. William Shanahan. Tickets are $15 per couple.

Past Leaders Honored by D.C. Lions

Past Presidents' Night, sponsored by the Daly City-Colma Lions' Club, will be celebrated Saturday at 8 p.m., at the Lake Merced Golf and Country Club at 2089 Juniper Serra Boulevard in Daly City.

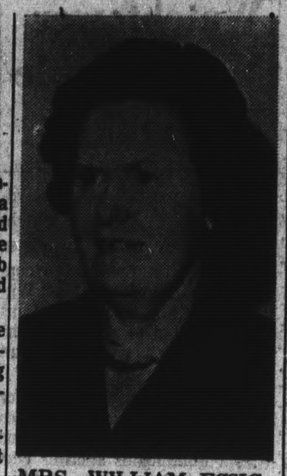
One of the highlights of the annual affair will be the appearance of three top-ranking officers of International Lionism.

Maurice Perstein, past international director, will be guest speaker.

Gil Larish, Burlingame, international counsellor, and District Gov. Raymond H. Preble, San Francisco, will be honored guests.

Rina Ceccat, president of the unit, said the affair pays homage to past presidents, the dedicated men of Daly City and Colma, who founded the club in 1940, and have played key roles in carrying on Lion traditions for the past quarter-century.

With the exception of two past presidents, deceased, most still reside in Northern San Mateo County, barring those few that have moved to other Bay Area counties and have become affiliated with other Lions' Clubs closer to their new homes, Ceccato said.



MRS. WILLIAM ESSIG, president of the Riordan Guild, has announced that a guild luncheon and fashion show will be held November 13 at Riordan High School.

Warren Will Speak at a Fund Dinner

Chief Justice Earl Warren will be the guest speaker at the Annual Jewish National Fund Chanuka Dinner in the Grand Ballroom of the Fairmont Hotel on Saturday evening December 18, according to Benjamin Swig and Abraham Bernstein, M. D., presidents of the organization.

Proceeds of the dinner will be earmarked for the national project undertaken a year ago, for the planting of a huge "John F. Kennedy Peace Forest."

The forest will surround a lofty monument now in construction by the government of Israel atop the Judean Mountains encircling Jerusalem.

Only reservations for tables of 10 at $7.50 per plate will at this time be accepted.

Beacuse of our anticipated over-flow crowd, seating will be arranged on the basis of the earliest reservations.

Dairy Princess Likes to Cook – Especially With a Variety of Cheese Dishes

California Dairy Princess, Miss Shirley Dickison, who reigns as first lady of the California Dairy Industry, has what she calls, "The most delightful job in the whole world." The eighteen - year - old Marysville, California Miss is a home economics major with a penchant for cooking and eating. Her favorite type of food—naturally, dairy products.

One of her favorite dairy foods is cheese, which she claims is one of the most versatile of all foods and is delicious eaten alone or adds a gourmet touch to all other foods.

Here are a few of her suggestions for spectacular, stupendous, and scrumptious ways with cheese.

Royal Appetizers

BLUE: Roll balls of Blue in shredded chipped beef or crumbled bacon; spear with wooden pick.

BRICK: Rub fresh mushrooms with butter and fill with touch of anchovies. Top with shredded Brick and broil until bubbly.

CHEDDAR: Add Cheddar to pastry, roll; cut into various shapes; top with assorted herbs. Bake as pie crust.

EDAM or GOUDA: Scoop out center of Edam or Gouda and mash with sour cream, herbs, and red pepper sauce; fill shell and surround with crackers.

PARMESAN: Toss hot, freshly popped corn with grated Parmesan, melted butter and salt.

SWISS: Alternate cubes of Swiss with dill pickle and ham on wooden pick—a miniature kabob.

Regal Sandwiches

BLUE and SWISS: Blue crumbled between ham and Swiss cheese slices gives new treatment for an old favorite—ham and Swiss on rye. Place on mustard-buttered rye bread and garnish with lettuce.

BRICK: Create a different grilled cheese—thick slices of Brick topped with sauerkraut on buttered pumpernickel and grilled.

CHEDDAR: Top an open-faced peanut butter and jelly sandwich with thick slices of Cheddar; toast in broiler until cheese begins to melt.

CREAM: Make dainty tea sandwiches by combining cream cheese with chopped, salted almonds or chopped ripe olives or chopped dates or orange marmalaed.

GOUDA: Slice Gouda to top salted crisp cucumber in sour cream; spread on whole wheat bread.

BLUE: Mix Blue with Worcestershire sauce and spread on sizzling steak.

BRICK: Stuff pork or veal chops with shredded Brick, bread stuffing flavored with caraway seeds. Simmer in broth or tomato juice until tender.

CHEDDAR: Pour sharp Cheddar sauce over toast, top with tomato slice and two crisp bacon slices—call it Bacon Tomato Rarebit!

GOUDA: Shape ground lamb around wedges of Gouda, wrap in foil and grill over coals; or, encircle lamb patties with bacon slices and broil, then top with a rich Gouda sauce.

SWISS: Add cubes of Swiss cheese and baked ham to hot white sauce; for brunch or breakfast serve over an omelet or sliced hard-cooked eggs; for lunch serve in popovers or patty shells; or for dinner serve over slices of breast of turkey.

Regent Vegetables

BLUE: Sprinkle crumbled Blue and chopped parsley over hot buttered wax or lima beans.

BRICK: Add shredded Brick to a bacon-flavored spinach custard.

CHEDDAR: Flavor Cheddar sauce with caraway seeds and serve over cooked cabbage wedges or whole cooked cauliflower.

CREAM and PROVOLONE: Blend cream cheese with shredded Provolone and a dash of garlic salt; spoon over broccoli spears.

PARMESAN: Toss hot French fries with grated Parmesan and onion salt until potatoes are evenly coated.

SWISS: Fill tomato cups with cubes of Swiss and toast, salt and pepper to taste; bake until cheese melts.

Sovereign Salads

BLUE: Make a Salod Bowl with mixed greens tossed with crumbled Blue, diced chicken, crumbled crisp bacon, tomato sections and avocado slices. Pass a sour cream dressing.

CHEDDAR: Add cubes of Cheddar to your favorite hot potato salad; heat to melting. Sprinkle with chopped parsley.

CREAM: Garnish fruit salads with cream cheese balls. Roll in toasted coconut, chopped mint, chopped toasted almonds or crumbled Blue Cheese.

EDAM: Make a main dish salad by tossing cooked macaroni with cubes of Edam and ham, celery, pickles, onion and sour cream. Add prepared mustard or horse-radish for zip!

Salmon Loaf Is Baked in Muffin Tins

Give a new dimension to popular salmon or tuna (they can be used interchangeably in most recipes) loaf by baking same in muffin tins. Serve topped with a flavorsome, high-in-milk-nutrition Cheese-Egg Sauce for the epitome of a high-protein meatless main dish. Recipe makes 8 servings.

¼ cup finely chopped onion
2-3 cup finely diced celery
2 tablespoons butter
1 1-round can salmon, drained and flaked
¼ cup chopped parsley
3 eggs, beaten
1 cup milk
½ teaspoon salt
¼ teaspoon black pepper
2 cups finely diced soft bread cubes (about 4 slices)
Cheese-Egg Sauce

Saute onion and celery in butter until onions are soft but not brown; remove from heat. Stir in salmon, parsley, eggs, milk, salt, pepper and bread cubes. Mix well. Spoon into well-greased muffin pan cups. Bake in moderately hot, 375 degree, oven 35 to 40 minutes or until tops are golden brown. Let stand 5 minutes before removing from pan. Serve with hot Cheese-Egg Sauce.

Cheese-Egg Sauce. Melt 4 tablespoons butter in saucepan; blend in ⅓-cup flour, ½-teaspoon salt and ⅛-teaspoon black pepper; gradually add 2 cups milk. Cook, stirring constantly, until thickened and smooth. Add 1 1-3 cups grated cheddar cheese and 1 to 2 teaspoons Worcestershire sauce; continue cooking and stirring until cheese is melted. Add 4 hard-cooked eggs, quartered and blend lightly. Serve hot with Salmon Muffins. Makes about 2½ cups sauce. Garnish with sliced almonds, if desired. Note: 1 large avocado, diced, can be substituted for the hard-cooked eggs.

Winner in Desserts Is A Whip

As refreshing as it is nutritious, "Velvet Avocado Whip" with its luscious California avocado, yogurt and lemon sherbet is a dessert winner. In addition to their 11 vitamins and 14 basic minerals, avocados from southern California contain fruit oil which is readily converted into food energy.

VELVET AVOCADO WHIP
1 California avocado
2 cup plain yogurt
2 tablespoons sugar
1 tablespoon lemon juice
Dash salt.
Lemon or pineapple sherbet
Mint sprigs (optional)

Cut avocado lengthwise into halves; remove seed and skin. Mash or sieve fruit; stir vigorously or whip with yogurt, sugar, lemon juice, salt and 1 cup sherbet. Spoon into 6 sherbet glasses. If you wish, place a spoonful sherbet in center of each. Freeze 30 minutes or until softly firm. Garnish with mint and serve at once.

Makes 6 servings.

Bake a Cookie Castle for a Little Princess—Set It in Popcorn Grass

One upon a time there was a little girl who dreamed of being a princess and living in a castle in the sky.

If this is your little girl, thrill her with an enchanting cookie castle frosted with flowers and set in a bed of popcorn grass.

Far easier to make than the usual cookie house, the castle is made from six large cookies which are baked and frosted, then arranged against a heavenly poster board sky.

COOKIE CASTLE

4 cups sifted flour
1 teaspoon cinamon
½ teaspoon nutmeg
½ teaspoon clove
½ teaspoon salt
1 cup corn oil margarine
2-3 cup dark corn syrup
1-3 cup firmly packed brown sugar

Sift flour, cinnamon, nutmeg clove and salt together. Cream margarine); gradually add corn syrup and brown sugar, beating until welll blended. Add sifted dry ingredients; mix throughly, until a stiff dough forms. Chi'l several hours o rovernight.

Cut out pattern pieces on heavy brown paper following scaled diagram. Divide dough into pieces and roll out on floured cloth or board, one piece at a time, to ⅛-inch thickness. Cut out castle shapes according to pattern. Transfer each to ungreased cooky sheet by carefully rolling dough onto rolling pin, then unrolling on sheet, keeping edges of dough straight. Insert picks for pennants into dough before baking. Cut pennants from colored construction paper and glue to picks either before or after baking. Bake in 400 degree F. (hot) oven until edges are lightly browned, 8 to 10 minutes. Cool on wore rack, then remove from cooky sheet. Cut cardboard pieces to fit each shape; attach to backs of cooled cookie with corn syrup or frosting. Decorate cookies with frosting, using a No. 2 writing tubt. Assemble castle, propping pieces upright against colored poster board or foil covered cardboard.

Frosting: Blend 2 tablespoons warm water into 2 cups sifted confectioners sugar. Add a few drops more water, if necessary for desired consistency. Tint small amounts of frosting green and red for flowers and roof, and brown for turrets and doors using food coloring.

Note: To prepare spice cookies from dough, roll out ⅛-inch thick and cut out with a 2-inch cooky cutter. Bake as directed above. Makes 8 dozen.

POPCORN GRASS

2-3 cup light corn syrup
2-3 cup sugar
½ teaspoon salt
Green food coloring
Essence of peppermint (optional)
8 cups popped corn

Mix corn syrup and sugar in heavy saucepan. Cook over medium heat, stirring constantly, until sugar is dissolved, about 2 minutes. Tint with green food coloring and flavor with essence of peppermint, if desired. Add popped corn and stir over medium heat until corn is evenly and completely coated with syrup mixture, 2 to 5 minutes. Remove from heat. Use as "grass" around base of Cooky Castle.

How To Pop Corn: If using an electric popper, fill and use following manufacturer's directions. Otherwise, pour ¼ cup corn oil in a large heavy skillet or kettle. Heat about 3 minutes. Add ½ cup popcorn. Cover, leaving a small air space at the edge. Shake frequently until popping stops. Salt to taste. Makes 2 quarts (8 cups).

REFRIGERATOR COOKIES

3 cups sifted flour
1 teaspoon baking powder
¼ teaspoon salt
¾ cup corn oil margarine
½ cup light corn syrup
⅔ cup firmly packed brown sugar
1 egg, beaten
1 teaspoon vanilla
1 cup chopped nuts or chopped shredded coconut

Sift flour baking powder and salt together. Cream margarine, then beat in corn syrup and sugar until well blended. Add egg; beat until thoroughly combined. Mix in vanilla and nuts or coconut, then sifted dry ingredients. Chill dough about 1 hour. Shape into 2 rolls, about 2 inches thick. Wrap in waxed paper and chill at least 4 hours. Cut into ⅛-inch slices with sharp knife. Place on ungreased cooky sheet. Bake in 350 degree F. (moderate) oven 10 to 12 minutes. Makes about 6 dozen.

Note: 2-3 cup granulated sugar may be substituted for brown sugar, if desired.

NO COOK PEANUT BUTTER SPICE BALLS

1¼ cups graham cracker crumbs (about 15 crackers)
¼ cup sugar
½ teaspoon cinnamon
½ teaspoon nutmeg
½ cup creamy or chunk style peanut butter
1-3 cup light or dark corn syrup
Confectioners sugar

Combine crumbs, sugar, cinnamon and nutmeg. Stir in peanut butter and corn syrup, blending well. Roll into ½-inch balls. Chill. Roll in confectioners sugar, if desired. Makes about 2½-dozen.

CHOCOLATE TIPPED CANDIED ORANGE PEEL

4 to 6 medium oranges with thick skin
Water
1 teaspoon salt
½ cup light corn syrup
2 cups sugar
1 cup water
Sugar
½ cup semi swee-chocolate pieces.

Wash oranges. Remove peel from each in 4 or 5 pieces and place in saucepan. Cover with cold water; add salt. Bring to boil, then boil 10 minutes. Drain. Boil and drain 2 more times, omitting salt. Gently remove an moist white membrane with bowl of spoon. (Peel should then be about ⅛-inch thick). Cut peel into strips.

Combine corn syrup, 2 cups sugar and 1 cup water in 3-quart saucepan. Cook over medium heat, stirring constantly, until sugar is dissolved. Add orange peel. Bring to boil, then reduce heat and boil gently 45 minutes. Drain in coarse strainer or colander, collecting syrup in saucepan.

Roll peel in sugar, a few piece at a time. Arrange in single layer on trays. Let dry 48 hours. Store in covered container. Makes about 10 ounces.

Melt ½-cup semi-sweet chocolate pieces in double boiler top over boiling water. Dip ends of dry candied peel in chocolate. Place on waxed paper until chocolate is hardened.

Note: Syrup may be used with waffles and pancakes. Bring to full boil and store in refirgerator until needed.

QUICK CHOCOLATE FUDGE

½ cup milk
2-3 cup corn oil margarine
3 squares (3 ounces) unsweetened chocolate
½ cup creamy or chunk style peanut butter
2 teaspoons vanilla
⅛ teaspoon salt
1 pound confectioners sugar, sifted.

Combine milk, margarine and chocolate in saucepan. Cook over low heat, stirring constantly, until margarine and chocolate are melted and mixture is blended. Remove from heat. Stir in peanut butter, vanilla, salt and half the sugar; blend well, then blend in remaining sugar. Press into 8-inch square pan. Chill until firm. Cut into 1-inch pieces. Makes 64.

November Dance Set

"THE HOT STOVE SEVEN" (above) will play for the Westlake Merchants' Association annual winter officer testimonial dinner-dance at the Brentwood Lodge on Saturday, November 13. The band is patterned after the late Tommy Dorsey's "Clambake Seven" and will feature Ellie Morgan on vocals.

"DENTAL HEALTH FACTS"

Many people do not know that a person can lose all of his teeth—even though they are not decayed.

Gum disease can cause loss of all teeth, by leading to destruction of the bony sockets and the periodontal membranes that teeth need for support.

Gum disease is often the result of neglect that allows accumulation of tartar on teeth; if not removed, these accumulations start the processes that result in disease.

Regular checkups give the dentist an opportunity to guard against gum disease by cleaning and scaling the teeth. Even if the gum disease has started, your dentist, if given a chance, is usually able to prevent serious trouble.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

County Pay Hike In Offing

Pay raises for 98 per cent of county government's 2,260 civil service employes have been recommended by the County Civil Service Commission.

Most will get one-step (5.74 per cent) or half-step (2.87 per cent) increases starting January 1. A few salary levels were left unchanged and about the same number were recommended for pay boosts of more than one step.

Assistant Personnel Director Richard Mabee estimated that the increases will cost $53,000 a month and boost the county payroll 1.6 per cent for this fiscal year. The 1965-66 payroll exceeds $20 million.

The recommendations are scheduled to go before the County Board of Supervisors on November 2.

The board can ask the commission to make changes but does not have the power to order any changes.

The county charter requires that all civil service salaries be comparable with salaries paid in other public jurisdictions and in private industry.

The recommendations of the Civil Service Commission are based on a survey of salaries paid elsewhere.

It is expected that the board will also act on pay raises for about 50 unclassified employes whose pay scales were also surveyed by the personnel department.

Of the total classified staff, 36 employes are recommended for no change, 1,212 for half-step increases, 867 for one step, 36 for a step and one-half, seven for two steps and two for two and one-half steps.

Among the larger groups of employes, clerical aides will get half-step boosts and sheriff's deputies a full-step.

Opera Star Will Appear At College

Opera star Ramon Vinay, Chilean-born baritone and tenor who has appeared in lead roles opposite such great performers as Rise Stevens and Kirsten Flagstad, will make a free public appearance at College of San Mateo Thursday at 11 a.m.

He will discuss his career and give "behind the curtain" information about the music world in a talk to the students' Opera Club in the choral room of the fine arts center.

Binay, in the Bay Area to sing with San Francisco Opera Company (he plays in "Tosca" the evening of his campus date), was invited to College of San Mateo by history instructor Stuart T. Cooke, faculty adviser to the Opera Club.

The singer is regarded as one of the finest portrayers of Otello, in the Verdi opera based on the classic Shakesperean tragedy. A former boxer and also an electrical engineer, Vinay has been featured with the Metropolitan Opera, has been heard at the Bayreuth, Slazburg and Holland festivals, and in leading opera houses of Europe and South America, including La Scala and Covent Garden.

Residents of the area are invited to attend his campus talk, first of a series of such event planned by Cooke.

Liquor Stolen In Pacifica

A Pacifica businessman told Pacifica police last night that someone entered his home sometime yesterday afternoon or evening and stole 14 bottles of liquor valued at more than $100.

"Old California Night" For Scotty Campbell's

THERESA, MARYLOU AND BUD, alert Scotty Campbell's restaurant executives, have an extra-special treat in store for all their customers on Wednesday, Nov. 3, (read this carefully — it should really rock you right out of your dining room chairs): A new international theme will be added to this popular Redwood City restaurant, long famed as a gathering place for the "Scots," in the way of fun food and entertainment. It will be called "Old California Night." The 'South of the border" music, featuring the Mexican Mariachis, eight strolling musicians, will get under way at 7 p.m. and continue through the evening. All you California pioneers and pioneeresses are invited to stop in and enjoy the fun and, of course, prime rib and steaks. Remember the date: Wednesday, Nov. 3. If you can't sing "Granada" and "Mexicali Rose" now, you should be able to after this Wednesday evening of "Old California Night" fun.

CLIFF CHALET'S DANNY HOUNTALAS interviewed a Hawaiian-born "beachboy" type for a busboy job at his Sea Rock view restaurant—and inquired as to why he came Coast-side. "To save up money to buy a Hobie (Los Angeles) Surfboard," was the double-take answer. "California surfboards are status symbols over there," he added . . . Seen dining at Cafe El Portal: Our own Giants, Gaylord Perry and Dick Bolin . . . Rated as one of the Peninsula's finest restaurants, the elegant Hillsdale Red Lion Inn is enjoying a lucrative luncheon and dinner business. It keeps General Manager Leo Dardarian "on the double" overseeing the bar and restaurant operation . . . Chef Ambrosio, the gent responsible for the delicious Mexican food served at Pancho's, Five Points in Redwood City, informed Yours Truly that they will soon have a new menu which promises to list never-before-featured Mexican dishes . . . For an added treat any day of the week, stop by the Surf House for lunch or dinner and say hello to Host-owner Ron Giannotti, who will enlighten you on the many "foodlights" afforded here.

BENNY VALARDI AND HIS FIVE-PIECE ORCHESTRA will make their debut at the SINALOA next Thursday eve. VICTOR BUELNA, Mexican movie and recording star, will be back by popular demand. Curvaceous VICKIE ALVAREZ and an all-star Mexican cast complete the Sinaloa's line-up for a fast-moving "Holiday in Mexico" revue . . . New touch of elegance at PHIL LEHR'S STEAKERY:—Classic designed table lamps made to order—no shining in one's eyes . . . HARVEY'S RESORT HOTEL, Lake Tahoe, swings into it's Winter season early this year with a program designed to attract the tourist who wants a chance for an inexpensive few days away from the "grind." In keeping with the new "jet set" standards, and to encourage people to take a break more often, Harvey's Resort Hotel is offering an attractive guest package—"Holiday at Harvey's" offers fun-minded tourists three wonderful days and two glittering nights at one of Lake Tahoe's most famous gaming, entertainment, and resort hotels —for $27.50 per person.

SINGING STAR POLLY BERGEN, a perenial hit along the Las Vegas Strip, opened a two-week engagement at Riviera Hotel's Versailles Room. It is a welcome return for the raven-haired beauty who last played the Riviera six seasons ago. A versatile talent, Polly has also found time to write a book on beauty and charm which has become a handbook for fashion-conscious women. Her record albums include a runaway best-seller entitled "Bergen Sings Helen Morgan." Miss Bergen will appear through Nov. 2. She will be followed by Eddie Fisher . . . Saturday, Oct. 30, is "Fans Appreciation Day." Former customers of Lucky 21, and new ones alike, will be showered with all kinds of free drawings on the Bus and at the Crystal Bay Casino. Space is going fast—sign up now . . . Attention, big spenders: If you want to make an impression with your lady during breakfast at the Reno Airport, order a bowl of corn flakes. The tab for same, sans coffee or any other vittle, is JUST 71 cents. In my expense book, that's a lot of "corn" — even if they do have slot machines in the next room.

SYMPATHETIC SCENE at the soda fountain at Lake Tahoe's Crystal Bay Club: A sobbing four year old boy, who seemed to be lost, was noticed by Co-owner H. E. McCoskey, who asked him for a description of his mother. "What's she like?" he asked. "She likes my sister," the boy whimpered—both of whom soon came to claim him . . . Two brand-new acts are being introduced at Finocchio's in San Francisco. Dancer Candido is presenting a highly amusing satire on Middle East belly dancers, and Singer Cary Davis is offering new songs in his vocal impersonation of the great late Galli-Curci. Both acts are distinctly novel as always at Finocchio's. There's no arguing the point that shows at this night club are invariably different. This is why they are world-famed and attract patrons from many foreign countries . . . There's a new field of entertainment conversation at the J and G Restaurant, these days—football. The "kids" at the bar "shadow box" with excitement when the touchdown marches are on . . .

Tiger Kittens Under Glass

Live dancing is the big attraction at the Tiger-A-Go-Go at the Airport's Hilton Inn. The Bay Area's first authentic discotheque, complete with huge glass cage, eye-filling Tiger-Kittens, and the "big beat" music of George 'n Teddy and the Condors, has been drawing capacity crowds every night since it's opening. The Tiger-A-Go-Go was brought to this area by dynamic entrepreneur Bill Gilbert, who got the idea while vacationing in Paris. Vive La France!

After a busy session at the office, why not stop in Vince's Italian and Seafood restaurant for a little relaxation and libation. Hot hors d'oeuvres are also served between 5:30 p.m. and 8:30 p.m.

If you're out for a full evening of fun and merry making, or if you fancy a quiet dinner, you'll find the ingredients for both at Nick's and The Turtle in Pacifica.

Six groups varying in entertainment styles from the modern dance crazes of the watusi and jerk to simple comedy and classical music find themselves playing to near capacity audiences throughout the 24-hour span.

Max Knoph, comic-emcee in the topless Ten Girl Stripathon at the Chez Paree, says many women could add years to their life if they'd just tell the truth about their age.

The intimate Juniper Showbar of the all-new Hotel Sahara-Tahoe is proving to be one of the South Shore's most popular nightspots due to its round-the-clock entertainment policy.

"Stark Naked and the Car Thieves," musical sextet, are a huge hit in the Galaxie show with Topless Teri and the dancing of Dori Lane, Sandra Lee and the Galaxie Swim Girls.

Target your fun visit to Big Al's — especially if you're entertaining out-of-town guests. Atmosphere, entertainment and all the trimmings of the "wild '20's" make for "back home" conversation.

Enrico Romano of Romano's restaurant fame was in a store which featured Hallowe'en costumes, all on one side of the aisle and Christmas gifts on the other. He noticed a little tyke yanking on her mother's skirt and pointing to a large Jack-O-Lantern, imploring:

"Mommy, please get me that for Christmas!"

Lew Lehr is becoming quite a golfer—he won a silver bowl trophy at the Variey Club tournament at Peacock Gap and a huge one at the Council of Merchants Ass'n tourney at Harding. Both proudly on display at Lew's Marina Steak House, in San Francisco.

Plateau 7, which is situated high atop the Swenson building on First Street in San Jose, although new in the ranks of the Bay Area's best dining establishments, is slowly but surely becoming one of the most popular restaurants in all of California. Try it sometime!

Bay Meadows Features 'A Day at the Races'

JOE COHEN, president and general manager of California Jockey Club at Bay Meadows (opened last Monday, October 25th), invites you to enjoy the many special events now available. At Special Party Rates you may reserve the exclusive Thoroughbred Room (50 to 125 people) which provides private buffet facilities for cocktails and a delicous buffet or served luncheons. For smaller groups (25 to 50 people), luncheons will be served in the Bay Meadows Turf Club. If your group of 25, or more, prefer just the excitement of the races without lunch, they can plan that, too. Special Party Rates (week days only) includes the admission to the fashionable Club House or the Turf Club, luncheon, reserved seats for your racing pleasure and a race named for your organization. The winner of the race will be presented with flowers by the officers of your club. Phil Rauscher Back in Town

When handsome Phil Rauscher, general manager of International Inn restaurant, takes a vacation, he really goes! This time it was all the way to his native town of Viesbaden, Germany. You can make a safe bet that there will be many menu additions to the "Inn's" already-selective list as soon as Mr. Rauscher gets penmanship time.

Special note to all duck hunters: Charlie Warren, maitre d' at the popular Hyatt House in Burlingame, is an expert in this field. He can give you "hunting out tips" anytime you feel the urge to take to the ponds with your shot gun and decoys.

Ted Steiner, Third Avenue jewelry man, "sparkles" at least three times a week in one of our local restaurants — and this gent is an expert with a knife and fork. His last dine-out raves were for the Burlingame La Touraine French restaurant.

Tip to bus passengers bound for Lake Tahoe (South Shore), Nevada: Look for cash refunds to go up around the first of November. When they do, Barney's Casino will be one of the first to do so.

Frank Dennison of the fashionable Caravan Inn in Mountain View reports that his Gourmet Sunday Brunch, which includes a free glass of champagne, has caught the fancy of memos who want to get away from the kitchen for a day. During the week, try the Festive Circle Luncheon Buffet at $1.75.

Dining at Bruno's of Ramor Oaks in Atherton is an occasion you're sure to remember. Specializing in Canneloni, steaks, and seafood, every dish is a pleasure to look at and a delight to taste.

Now under new ownership, the executive chef at Bruno's of Ramor Oaks is well known Peter Selaya. Head "fizzer" is Ray Pelfini, another well-known fellow in these parts. Stop by soon!

Kay Martin Tops Cabana Bill

Jack Melcher, general manager of Palo Alto's plush $5 million Cabana Hotel, announced this week that the El Camino Auxiliary will present their "Candle Carousel" again this year in the Cabana's Circus Maximus Room on November 2, 3, and 4. Considered one of the best candle shows ever, the donation this year is only 50 cents, with door prizes to boot.

Right Thought, Wrong Product

The other afternoon, Rocca's restaurant hostess, Martha Price, went to Macy's Downtown to buy a cap to cover her curlers when taking a shower. She looked for one large enough, and was trying it on before a mirror when she noticed other customers staring at her. Martha then realized she was wearing a plastic cover for a commode seat.

County Rapid Transit Wins Board Favor

A $195,000 contract covering the first phase of master planning a transit system for San Mateo County was approved last night by the West Bay Rapid Transit Authority.

Chairman William R. Lawson called the action "the first major step toward solving one of our most pressing problems."

Twenty-five men and women turned out for a public hearing at which the Authority's contract with a consulting team was explained. The team includes DeLeuw, Cather and Company and the George S. Nolte Company as joint venturers and Stanford Research Institute as the major subcontractor.

Members of the audience asked only a couple of questions and the meeting lasted less than 45 minutes.

The directors passed a resolution asking the County Board of Supervisors to allocate $195.000 from the special $1,200,000 study fund that was raised through a one-year 25 percent increase in auto license fees. Inasmuch as three supervisors serve on the Authority board and voted for the resolution, the result is a foregone conclusion.

The first phase of the master plan study is to be completed by next July. A second phase is to be accomplished by the Bay Area Transportation Study Commission. WBRTA directors say that making use of the BATS material will save the local district $150,000 to $215,000. A separate contract will then be negotiated with the consulting team to complete the study. That phase will cost an estimated $163,000.

The contract approved last night calls for a cost-plus arrangement, making it theoretically possible that the total cost of the first phase will be below the $195,000 ceiling.

Prior to approval of the contract, the directors added three new provisions, one of which gives WBRTA a closer check over the work and compensation of SRI and other subcontractors.

The study will examine all possibilities for rapid mass transit in the county, including supplementation of existing rail and bus facilities, as well as new "space age" systems.

"The Peninsula, and San Mateo County in particular, is one of the space age headquarters of the world," Lawson remarked. "We are pioneering in space travel. It would seem that we could well adapt some of the 'spin-off' of these advanced travel techniques to meeting our own local day to day transportation problems.

"Various radically new means of mass tronsportation have been studied for adaptation to this area. Right now hydrofoils and hovercraft are being tested on the bay. Other proposals, which have not been tested, may offer a solution to our local transportation problem.

"Such studies can be rewarding. However, we of course do not intend to spend substantial sums on such studies if the preliminary results appear not to warrant it. We believe that if we are to give the citizens of the Peninsula the best possible rapid transit system, we must not overlook any possibility."

Air Raid Alert Set for Friday

Daly City will participate in a county air raid alert at 11 a.m. Friday morning according to city officials.

The first alert will be a steady wailing sound for one minute. This will be followed by one minute of silence.

Short blasts will signal the take-cover warning. This will also last for one minute.

Another such test is slated for early in January.

A Counseling Institute Is Set for CSM

"Advise to Others" will be the main question to be explored at College of San Mateo's second annual counseling institute—an all-day event on the campus Saturday.

"Too much of a tendency is developing to leave this matter of helping one's fellow man to the specialists," said Dr. William H. Miller, co-ordinator of the college's community education office, which is sponsoring the institute. "As a result, parents, teachers, the clergy, businessmen and individuals in all walks of life have frequently been blinded to their own potential."

Thus, the program will be aimed at this "public potential," and attendance by all interested area residents is encouraged.

Featured speaker will be Dr. Thomas Gordon of Pasadena, president of the California State Psychological Association.

The institute will run from 9 a.m. to 4 p.m. in the little theater. Registration fee is $4, plus $1.50 for the luncheon in the student center.

Reservations may be made by sending a check, payable to College of San Mateo, to the campus box office.

The fee also may be paid at the door, if seating is still available at that time.

Flames Destroy D.C. Apartment

Fire, apparently caused by careless smoking, swept through a Daly City apartment October 14, forcing the occupant to flee nude from the building and routing occupants of adjoining apartments.

The flames gutted the apartment, occupied by Darrell Cornell, 60, at 255 Park Plaza Drive, and slightly damaged an apartment below, occupied by Madelyn Horn. She called firemen.

Cornell told police he awoke about 3:30 a.m., and was unable to breathe because of thick smoke in the apartment. He managed to stagger to the front door and as he opened it, the draft thus created turned the apartment into a mass of flames.

Cornell was forced to dash into the street nude. He later was provided clothing by Daly City patrolman Robert Sola who, together with Patrolman Richard Eeguine and Special Westlake Patrolman Richard Leahy, were first on the scene.

The three officers fought the flames with the apartment building's fire hose system until the arrival of Daly City firemen.

The officers also alerted residents of adjoining apartments.

Firemen, manning high pressure lines and using four engines, were at the scene for 90 minutes.

Damage to Cornell's apartment and its contents was estimated at $3,500. Damage to the Horn apartment and contents was estimated at $300.

Cornell told firemen he had been sitting in an easy chair earlier in the evening and had been smoking. Investigators said the fire started in the chair.

Cornell lost all his belongings in the fire, police said. He was given lodging for the night at Daly City Police headquarters.

While the fire was in progress, an occupant of another apartment in the same building apparently suffered a slight heart attack, firemen said.

They administered oxygen to Theodore Bar, 70, to relieve pain. Bar's physician arrived later and determined that Bar needed no further assistance.

JEWELRY THEFT

Pasqual Purlotos of 531 Hanover Street in Daly City reported the theft of jewelry last to week to police.

Roland Volz of 113 Manzanita Drive in Daly City had his wallet stolen last week according to Daly City police.

Phone Poll Appointment Not Legal

Despite the announcement last Friday of the appointment of Robert A. Hine as executive director of the San Mateo County Human Resources Commission, the appointment has not been made, District Attorney Keith C. Sorenson said Monday.

Sorenson said it will be necessary for the commission to schedule an official meeting, one for which public notice must be given, in order to make the appointment official.

William Hern, commission chairman pro tem, said Friday that Hine had been named following a telephone poll of the members. It had been planned originally to call a special meeting to make the appointment but Hern said he decided that would not be necessary. He said the phone poll procedure was cleared by the district attorney's office.

Sorenson said Monday, however, that the commission was never advised that it could take action by phone."

The announcement of the choice of Hines came after the County Civil Service Commission, also through a telephone poll, had agreed that Hines could be hired on the fourth step of the job's salary range. He is to start at $1,232 a month, one step above the $1,166 the commission had authorized previously.

Acting on Sorenson's advice, the commissio nMonday scheduled a special meeting for November 5 to make the salary official prior to Hine's arrival.

Police Get Dozen Dolls

At least a dozen Viet Nam dolls have been turned in to various law enforcement agencies in San Mateo County following public warning that the dolls could contain explosives planted by Viet Cong terrorists.

The warning was issued Saturday that Viet Cong terrorists may have planted explosives inside the 15-inch-high dolls to injure U. S. servicemen. A considerable number have found their way to relatives in this country.

Two additional Viet Nam dolls have been turned over to San Mateo police since appearance of an article in The Times last Saturday.

Linda J. Bragg, 17-year-old San Mateo girl who had received two of the dolls from an Army friend in Viet Nam, turned them over to police Saturday. The dolls were X-rayed at County General Hospital and found to contain no explosives, police said.

In fact, none of the dolls examined to date in the United States have contained any explosive. However, some of the dolls reportedly have exploded in Viet Nam with resulting maiming of handlers.

Two More

Following appearance of the story in The Times concerning Miss Bragg's dolls, two other dolls were turned over to San Mateo police for examination. Mrs. Katherine E. Wynkoop, 58 West Poplar Avenue, handed in a similar doll she had received several weeks ago from a friend serving in Viet Nam, police said.

Both of the dolls were placed in the police pistol range and were to be taken to County General Hospital today for X-raying.

Six dolls turned up in Belmont alone over the weekend. Another was reported in Redwood City.

Mrs. Sharon Goodman, 2180 Carlmont Drive, started the parade at 6 p.m. Saturday by turning over a doll she received Saturday morning from her brother, Jack McCartney, 1607 Fairway Drive, with the Army and just returned from Viet Nam.

Mrs. Diana Luck, 401 Cornish Way, produced a doll at 10:15 p.m., this also from a husband in Viet Nam.

At 9:30 yesterday morning, two sisters each brought in a pair. Mrs. James R. Spears, 416 Chesterton Avenue, said she had received two dolls from her husband at An Khe. Her sister, Mrs. Frank Silva, 417 Chesterton, told officers her two arrived two days previously from her husband and were sent from Saigon.

All dolls turned in have been taken to County General Hospital.

Mrs. Sally A. Hardy, 218 Oakdale Street, turned one over to Redwood City police yesterday, this one from her husband in Da Nang Airbase.

One person turned in a doll to the sheriff's office.

All dolls have been X-rayed at County General Hospital, outside the hospital buildings, and turned over to the sheriff's office. Any suspected of carrying explosives, and none have been reported in that category yet, will be taken over by an Army bomb squad from the Presidio in San Francisco.

Redwood City police noted that the explosive is said to be a "C-4" putty, according to their information.

Girl Scouts Fly New U.S. Flag

A brand new United States flag which was donated to Girl Scout Troop No. 718, Millbrae, by Mr. and Mrs. G. L. Black, was dazzling in the sun and proudly flying over the Millbrae District Girl Scoup Camporette which was held this past Friday and Saturday, October 15-16 at Camp Butano near Pescadero. The new flag had flown over the U.S. Capitol building at Washington, D.C. The Girl Scouts of Troop No. 718 deeply appreciate being given this U.S. flag for use at official functions of their troop.

Mrs. Kay Savage, co-leader of Troop No. 718 was accompanied by Mrs. Phyllis Flinn, and Mrs. Laurie Hartley. Senior Girl Scout Pam Harvey also assisted at the Camporette. Mr. Leon Savage and son, Dan, and Mr. Lawrence Ullo also assisted in setting up and in overseeing the overall Camporette.

The main activities were knife safety, fire building, square lashing and knots. Those Girl Scouts of Troop No. 718 who attended were: Kathy Black, Kathy Callaghan, Bonnie Craighead, Elizabeth Dahl, Mary Donovan, Darleen Flinn, Joan Guiney, Suzan Hartley, Sally Hammond, Sue Joeger, Vicky Ragan, Cindy Savage, Debbie Ullo, and Donna Usher.

The camporette was very successful and plans are being made for another Millbrae District Girl Scout Camporette in the spring of 1966.

Complaint Is Signed

A misdemeanor complaint charging Deputy Sheriff William H. Simmons with battery was signed Monday by Mrs. Florence L. Turner of Redwood City.

Simmons, 51, was suspended last Friday after Mrs. Turner complained to police that the deputy had punched her 14-year-old son, Benny, in the face.

The youth told police that he was standing in the parking lot of a Redwood City apartment building, talking with Simmons' daughter, Lorry, who was leaning out of a third floor apartment window, when the veteran deputy came up and hit him.

A warrant for the deputy's arrest was to be issued Monday following signing of the complaint.

Thanksgiving Drive Set

The traditional Thanksgiving drive staged each year by more than 10,000 high school girls, all members of Macy's Hi Set, has been set for Saturday, November 20. These teenagers, representing every private and public high school in the greater Bay Area, have in the past marched door to door gathering clothing needed by Goodwill Industries to train the handicapped.

The 1963 and 1964 drives brought in such an abundance of material that Goodwill was able to pioneer a program designed to help emotionally disturbed teen-agers—a program that has since been duplicated by workshops across the country.

This year's goal is to open more job training prospects to the mentally retarded youths of this area. At the present time, 20 mentally retarded young men are receiving on-the-job training in carpentry, furniture and appliance repair at Goodwill. Until they are placed in outside jobs no more can be taken on for, although Goodwill has ample space and equipment to accommodaet more students, a lack of training materials makes expanding the program impossible.

May's Hi Set members will try to fill the gap by collecting appliances and furniture in addition to the customary clothing.

High school students interested in taking an active part in this drive are asked to contact Dora Perry, Goodwill Industries, 980 Howard Street in San Francisco, or Miss Adrian Rosenthal, Hi Set leader, at your nearest Macy's.

Macy Hi Set members are chosen for scholastic ability, looks and personality and act of fashion liaison officers between the school and the store. They serve for their senior year and work as salesgirls during the month of August.

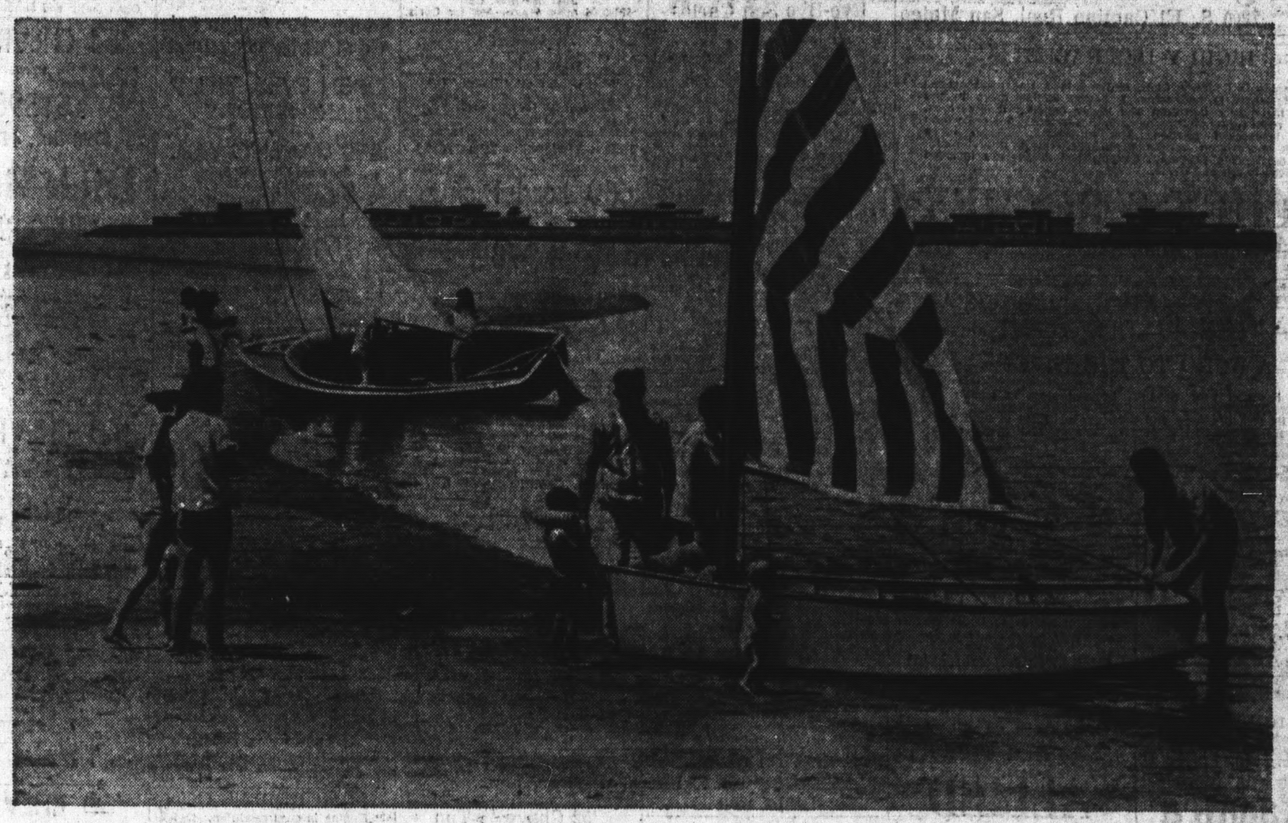
Nobody in Foster City will ever live more than five minutes from the water.



"I can walk it in three!"

These kids playing in one of the neighborhood beach parks practically live on the water, for Foster City is built around a winding, four-and-a-half mile system of lagoons and lakes. This means that all the homes of the award-winning builders Kay Homes, Duc & Elliot and Eichler Homes are only minutes away from the 230 acres of waterways. Here the joys of marina living—sailing, swimming, fishing—are readily available to *all* homeowners on this unique "Island of Blue Lagoons." And all residents of Foster City share in the very tangible benefits of living in a community that is growing according to a Master Plan developed by nationally famous city planners, architects and engineers. This Master Plan, combined with the high standards of the Foster City Design Board, insures the beauty and value of every home and building on the Island. For example, street utilities are underground; television antennas ingeniously concealed. Even fire hydrants and street lights were especially designed for Foster City.

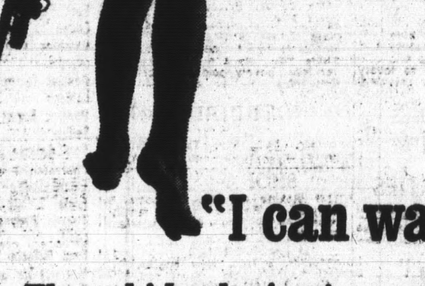
Over 700 families have already bought homes in Foster City. Next month the first of the neighborhood shopping centers (complete with a large parking lot and planned docking facilities) will open; children skip safely along landscaped walkways to the new elementary school; furnished models of the town houses are open; 400 garden apartments are under construction. Foster City is a dream come true...just 30 minutes south from downtown San Francisco.

Twenty-nine furnished Model Homes are now open in Foster City for your inspection.

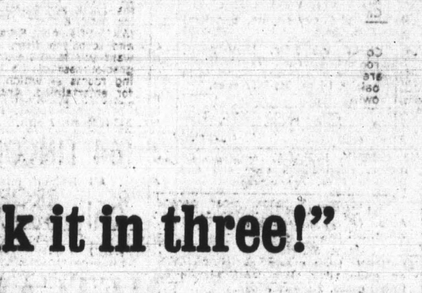
Eighteen builders are competing to give you maximum value!

National award-winning builders Kay Homes, Duc & Elliot and Eichler Homes offer homes from $26,500 to $32,100, *including* lot.

Waterfront custom homes, offering the advantage of a leasehold plan, start at $33,750.



This Kay Home, recipient of the American Builder Magazine Award of Distinction, is one of six plans offering 3, 4 and 5 bedrooms with up to 2500 square feet and priced from $26,995 to $32,100, including lot.



This charming Monterey Colonial built by Duc & Elliot is just one of a dozen different architectural designs offered at prices of $26,500 to $29,500, including lot.

The formal living area of one of the five magnificent Eichler 3, 4 and 5-bedroom homes, with family room, radiant heat, cement patios and fencing. From $28,500 to $31,550, including lot.
